

Early River Valley Travel Brochure

Due _____

Create a travel brochure for one of the ancient River valley civilizations.

I am presenting information about: _____

You are creating a brochure using an $8\frac{1}{2} \times 11$ tri-folded piece of printer paper or construction paper. The brochure needs to be convincing and persuasive, it should focus on the positive aspects of that civilization (after reading the brochure you would want to go visit that place).

Everyone will follow the following criteria to insure the highest possible grade:

On the front: Be creative, decorate, appropriate title, pictures. (15 pts)

Inside left 1\3: Geography. On this page you need an ancient map, explain geographic features (3+), weather and ancient clothing needed. (20 pts)

Inside middle: Culture. Important ancient things to see: places, buildings, temples (at least 2) with captions. (20 pts)

Inside right: Economic and Political. Explain the economic system (ancient trade items and crops). Describe the complex institutions (government, education, religion). (30 pts)

Back: name, period, date (5 pts)

Conventions/Special Instructions: Every side of your brochure (except the back) will have illustrations and color; this may be computer generated or handmade, but must be neat and legible. Facts must be accurate. All grammar and spelling must be proofread. Brochure will be positive and persuasive. (10 pts)

Use your textbook and other resources including internet resources:
