THINGS I'VE DONE WORKSHEET

Directions:

1. Read over the list of items in the columns below. Put a check mark beside each thing you have *done*.
2. Count up all the check marks in each column. Write the total at the bottom of each column.
3. Now, go back and circle the items in each column that you *like* the most.

Working With People	Working With Data	Working With Things
___ Take care of a sick relative	___ Write checks and balance a checkbook	___ Take care of plants, or a garden or farm
___ Give medicine to a child	___ Do a budget for my family	___ Cook meals
___ Care for child who is disabled	___ Keep financial records for a club or group	___ Do housecleaning at home
___ Help at a school event	___ Handle the finances for a small business	___ Arrange flowers
___ Make phone calls	___ Read a map	___ Care for animals
___ Visit friends or family in nursing homes	___ Follow directions	___ Type, file, or do office work for an organization

___ Other _____		___ Give haircuts or do hair styling
		___ Take care of cars
		___ Other _____
___ **Total # of check marks**	___ **Total # of check marks**	___ **Total # of check marks**

Think about:

Which column has the most *check marks*? _____

Which column has the most *circled items*? _____

Note if the column with the most circled items differs from the column with the most check marks. If the things you *like* to do are different from the things you have *done*, you may want to think about how to gain the skills or education to do more of the things that you *like* to do.
