Abstract

This abstract provides instructions on the format to be used when submitting the initial abstract to the ENV•VISION Conference. The abstract should be 300 words or less. Margins should be at least 1" on all sides. Type font should be Times Roman 12 point. The title should appear at the top, centered, and in bold. The authors' names should appear below the title, centered. Each author's name should appear as a first name, middle initial (if applicable), and last name. A superscript numeral should designate the author's organization. For each separate organization, the superscript numeral should appear followed by the address. Next, contact information should be given for the author serving as primary contact. This information should include name, mailing address, phone number, fax number, and e-mail address. The e-mail address should be double-checked since it will be used as the primary means of contacting the authors. The conference chairs reserve the right to edit this abstract for grammar and format since it may be used in the preliminary and final programs or on the Web site.
