

Early Retirement Incentive (ERI) Survey

July 2, 2010

Dear SAA member,

If the District offers the Part A of the Chapter 105 ERI, would you be interested in retiring this summer? If your answer is YES, please read the rest and then fill out the information below and email to Mary Cavanaugh asap.

This is not a retirement letter from you, but an expression of interest in retiring under the ERI if the District accepts it. By putting your name in you are under no obligation to retire, nor is this binding with the District in any way. The purpose of this is for the District to gather the information they need to make a sound financial and educational decision about the ERI. Mary Cavanaugh attended an informational meeting yesterday; she can answer questions if you feel the need to speak with her.

Please complete this and email to Mary office by noon on Wednesday, July 7th. There is a BOE meeting on Monday, July 12th. IF you say YES on this survey, you will receive a form letter which you must complete before the BOE meeting; that letter is what binds you to retire, NOT this survey. This survey is to indicate a very STRONG inclination.

Yes, I am interested in retiring this summer under the terms of Part A of the ERI. I understand that this is not a retirement letter and I am under no obligation to retire by filling this out.

Name: _____

Position: _____

Sincerely,

Mary Cavanaugh
