- ITHF exists to stimulate and facilitate regional, national and international "connections" among its 1200 plus Rotarian members and partners.
- "Connections" are self-paced, subject to individual preferences and can coincide with business or pleasure travel
- Membership in the ITHF implies a desire to accommodate other ITHF visitors; however, such "connections" are always subject to the convenience of the hosts.
- There is no obligation to accommodate visitors in the home. The “connection” will be richer for it, but some members do not have space for visitors.

If You Are Looking for Rotarians and Partners Who:

- Enjoy travel and fellowship
- Enjoy connecting with people of other cultures
- Enjoy hosting visitors in their homes
- Believe Rotary fellowship does make a difference
- Appreciate Rotary programs
