

Family Tree

Create a Family Tree using Mandarin Words in Pīnyīn

Create a family tree using the diagram and text boxes below. Label each box using the vocabulary you have learned so far. On the first line, write the Mandarin word in pīnyīn for the description of the family member. On the second line, write the family member's name. If you need additional boxes, please create these on your own.

The diagram shows a family tree structure. At the top are two boxes for 'Father' and 'Mother'. Below them are three boxes for '(Older/younger) Brother', '(Older/younger) Sister', and 'I am'. Each box contains a line for a Mandarin word in pinyin and a line for a name.
