Steps to take after you lose your wallet.

- 1- Retrieve NY TEAM's Contents Form
- 2- Contact your credit union or financial institutions to report your missing debit/credit cards.
- 3- File a report with your local Police Department in the event your property is located or should a police report be requested as a result of an investigation.

- 5- Contact your Health Care Provider to request a replacement Insurance Card.

A common mistake many people make is keeping their social security card and birth certificate in their wallet, this is highly unrecommended. In addition to making these items more difficult to replace it significantly increases an opportunity of identity theft. If this happens, please contact all 3 of the credit bureaus to request a fraud alert be placed on your credit report; as a precautionary measure.
