

Receive A **\$250**
Wells Fargo® Visa® Gift Card

When You Use Your Wells Fargo Home Equity
Financing Account To Purchase
A Solar Energy System For Your Home

To apply, please complete the coupon below. Please see reverse
side for mailing instructions and eligibility information.

\$250 Solar Rebate Coupon*

You are eligible to receive a \$250 Wells Fargo® Visa® Gift Card when you use your Wells Fargo home equity financing account to purchase a solar energy system for your home. To apply, please complete the information below. Please see reverse side for mailing instructions and eligibility information.

Name: _____	Solar Energy System Installer: _____
Address: _____	Size (kW): _____
City, State, Zip Code: _____	Cost: _____
Home Equity Account Number: _____	Date of Purchase: _____

***Solar Gift Card Eligibility:** This offer is limited to Wells Fargo customers who use a Wells Fargo home equity financing account to purchase a new residential photovoltaic solar energy system between 4/14/2008 and 12/31/2008. Costs associated with installing a residential solar energy system that are eligible for the gift card include equipment purchase, labor for installation, permitting fees. System must be installed and the coupon, along with the purchase receipt, must be postmarked by 12/31/2008 to qualify. The coupon must be submitted within 90 days of date of installation and the home equity account must not be in default to qualify. The gift card will be delivered by mail within 60 days after receipt. \$250 may be reported to the IRS as taxable income on a 1099-INT form.

Fulfillment Instructions

Send the following two items to the address below:

- 1.) Your completed rebate application
- 2.) A copy of your solar energy system purchase receipt

Wells Fargo Loan Service Center
