

RENDITION OF REAL PROPERTY INVENTORY

This rendition covers the property you owned on January 1 of this year. You must file this rendition with your county appraisal district after January 1 and not later than April 15 of this year. On written request, the chief appraiser must extend the deadline to May 15. You may receive an additional 15-day extension if you request it in writing and show good cause for the extension.

When required by the Tax Code or by the chief appraiser, the person rendering property shall use the model form adopted by the Comptroller of Public Accounts, or use a form containing information that is in substantial compliance with the model form if approved by the comptroller.

If you have previously filed a rendition form and it remains an accurate rendition of your property for this year, you may check the box below and sign this form.

INSTRUCTIONS

Use this rendition form to report residential real property that was part of your inventory on January 1, _____. You must file a separate rendition form for each subdivision or group of contiguous properties that you own. Don't list a property unless it meets these tests: (1) it is a residential property; (2) it hasn't ever been occupied as a residence; (3) it hasn't been leased, rented, or otherwise used to produce income since the beginning of the year; and (4) you have held it for sale since the beginning of the year. You must indicate the description of each property, including the appraisal district account number if the district has assigned separate numbers for each property, the individual property legal description, improvement area, percent complete on January 1, and the asking price for the property. The columns for you to indicate estimated land and improvement value are optional. If you do show a value, please complete the information on the back of the schedule concerning how the inventory value was derived.

Use of the rendition form will assist the appraisal district in classifying your property and appraising it as inventory under Section 23.12, Tax Code. If you want to render real property that does not meet the tests listed above, use the general rendition of real property form. The law doesn't require you to estimate the value of your property. If you do state an estimate, the appraisal district must send you a notice of appraised value if it places a higher total value on your property than you estimate.

By checking this box, I affirm that the information contained in my most recent rendition statement filed for a prior tax year (this rendition was filed for the ____ tax year), continues to be complete and accurate for the current tax year.

The property owner must sign this rendition. If the owner is an individual, an agent may sign only if the owner has filed a statement designating the agent with the appraisal district. If the owner is a corporation, an officer may sign on behalf of the corporation. An agent or employee of the corporation may sign if an officer or the corporation board has filed a statement designating the agent with the appraisal district.

Are you the property owner, an employee of the property owner, or an employee of a property owner on behalf of an affiliated entity of the property owner?
