**MEMBER LOYALTY REWARDS  
FAMILY GROUP AUTHORIZATION**

Member Loyalty Rewards is a relationship program that offers Members 1<sup>st</sup> Federal Credit Union members the opportunity to benefit in terms of even fewer fees, more free services, reduced consumer loan rates and bonus certificate rates based upon their relationship. We automatically re-evaluate your reward level quarterly.

We also offer you the option of adding your family members who live at your address to a group so that all account owners at the same address enjoy the same benefits. Each account owner must agree to be in the group by signing this form (except minor children). Any member of the group may elect to be removed from the group at any time by signing an authorization. Forming a group does not affect your account access or ownership in any way. It is only used to determine your level of benefits in the Member Loyalty Rewards program.

**Please be assured that privacy is very important to us. As always, we will not disclose your personal information to anyone who is not an owner of your account, not even your relatives. However, in some circumstances, your group members may be able to determine your approximate combined deposit and loan balances with Members 1<sup>st</sup> Federal Credit Union.**

**YES!** We want to form a Member Loyalty Rewards Group.

***Your reward level will go into effect at the end of the month in which you enroll.***
