1501_220 • Verifying Your PEIMS Mid-Year Submission

Wednesday, January 28, 2015 at 2 PM

The PEIMS Mid-Year Submission presents some challenges in verifying that the data submitted matches the Annual Financial Report (AFR). Failure to reconcile the data submission and the AFR can have implications to the district's Schools FIRST rating. The session will address strategies to verify the data submission including but not limited to posting end-of-year audit adjustments, comparing data across fiscal years and other best practices. **No prerequisite is required to register. CEU 1/CPE 1**
