

PLEDGE CERTIFICATE

Thank you for pledging to RECANA!

In recognition of your commitment, the Regional European and Central Asian ALARA Network (RECANA) has developed a RECANA pledge available to you as a significant network member. We invite you to use this membership to promote good radiation protection and ALARA principle within community dealing with occupational exposure to ionising radiation.

This certificate is completed by the individual _____ who has pledged to the objectives of RECANA. In doing so, he/she pledges:

- To endorse and promote RECANA objectives among workers and others interests in occupational radiation protection.
- To make the ALARA principle message in communications among professional groups.
- To review the radiation protection recommendations and policies and, where necessary, implement adjustments by optimising practices for the workers' safety.
- To convey the objectives of RECANA to ensure that occupational radiation protection is optimised.

Signature/name _____

Date _____

The RECANA thanks those who are contributing to the harmonisation of radiation protection policies and practices of the occupational radiation protection.
