ABOUT

Learning how to draft and negotiate a solid prenuptial agreement is a skill essential to every family law practitioner. Challenging or enforcing said agreement is another area of expertise it is important to develop.

Join us to receive tips and sample documents from local experts. The view from the bench will also be explored.

You won't want to miss this program - both for the informative perspectives - but also for the course book, which will be a useful addition to any practitioner's toolbox!
