### 2. Solution Provider Agreement Partner

If you are also a Microsoft Dynamics Solution Provider Agreement (SPA) partner complete the fields below. If you are not a SPA partner proceed directly to Microsoft Dynamics Software to be Licensed section.

**Note:** For information about SPA, please see the SPA Guide for your region on the Microsoft Partner Portal. <http://partner.microsoft.com/>.

Company Name:	MBS Account No:	
	MBS Authorization No:	
	MSPP ID:	

### 3. Microsoft Dynamics Software to be Licensed

In order to license and use Microsoft Dynamics Software, you or your Microsoft Dynamics SPA partner must meet the applicable minimum examination requirements for the particular Microsoft Dynamics Software. Complete the table below to identify the software that you wish to license and the method used to meet the minimum requirements. Microsoft will verify your compliance prior to issuing a license for the Microsoft Dynamics software.

To specify the software to be licensed, select the Microsoft Dynamics Software that you wish to license under the SPLA Program and complete the corresponding information. You must select an exam status for the Microsoft Dynamics software that you wish to license. Under Exam Status select *Own* if your company has passed the solution proficiency in order to get authorized to license the Microsoft Dynamics software. If you select *Own*, you do not need to complete any additional information on that row. Select *Third-Party* if you have partnered with a SPA Partner to leverage their certification. If you have selected *Third-Party*, you must provide the Microsoft Dynamics SPA Partner's Company Name and MBS information in the corresponding fields.
