Those who choose to serve our country demonstrate honor, courage, and commitment every day, sacrificing for the greater good. Throughout their military career, however, there can be times when that sacrifice negatively impacts those they love, including their pets.

Military service commitments can sometimes leave brave men and women at an unfortunate crossroad. Whether a deployment, permanent change of station or a temporary assignment, pets can be at risk of abandonment. To help military members in their time of need and to minimize the surrendering of animals to local shelters, Dogs on Deployment (DoD) provides a key resource to this very important community. By connecting individuals and families who are willing to board pets with military members in need, DoD provides a much-needed link that gives everyone peace of mind, human and animal.

DoD FOUNDERS: Shawn and Alisa Johnson with their dogs.

FOR THE LOVE OF DOG AND COUNTRY

Dogs on Deployment is a national 501(c)(3) non-profit organization which provides an online network for service members to search for volunteers willing to board their pets during service commitments.

Dogs on Deployment promotes responsible, life-long pet ownership by advocating for military pet owner rights, providing educational resources and granting financial assistance for military pet owners during times of emergency. We rely on the public's good will and the dedicated support of businesses like yours to ensure the success of our mission and the organization's future. By sponsoring Dogs on Deployment, you will directly impact military members and their pets by improving morale, stability and overall livelihood.

- DoD Boarders, or volunteer foster homes, are located in all 50 states
- Successfully placed nearly 700 pets to-date
- Nearly \$30,000 in awards in 2014 to military families in need
(*Pet Chit Program for pet emergencies*)

With exposure around the country and expanding every day, DoD can offer the opportunity to get your name in front a large consumer base with high buying power.

OUR COMMUNITY IS YOUR AUDIENCE

Did you know that consumers are more loyal to businesses that support the community? Mothers, in particular, are shown to be strongly influenced by “cause marketing.” According to the Cone Cause Evolution Survey:

- 9 out of 10 moms want to buy products that support a cause
- 85% of consumers have a more positive image of a product or company when it supports a cause they care about
- 93% of moms are likely to switch brands, similar in price and quality, to one that supports a cause

INCREASE YOUR BRAND LOYALTY

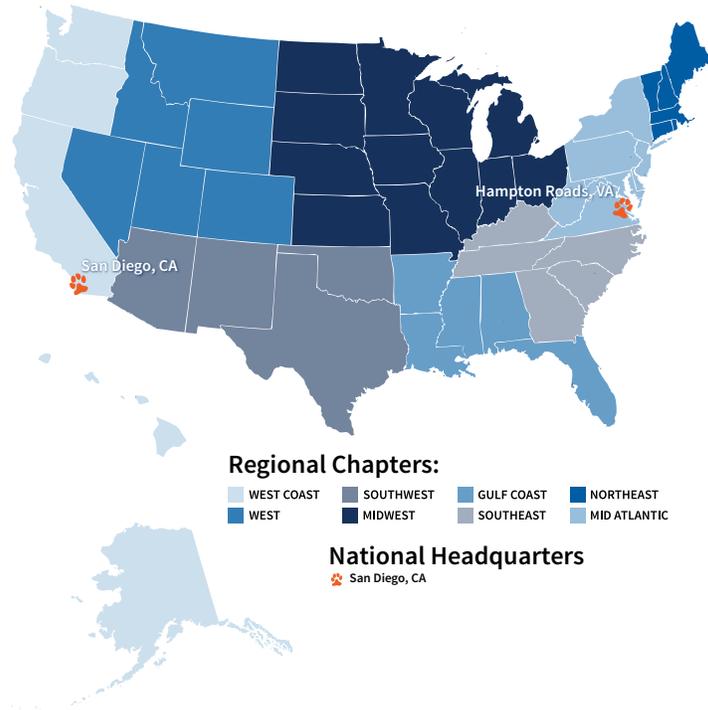

By sponsoring Dogs on Deployment, you are not only supporting a highly-respected organization, but you are also putting your name in front of a key, socially-conscious demographic. With exposure around the country and expanding every day, DoD can offer the opportunity to get your name in front a large consumer base with high buying power. By expanding your reach within our communities, you can increase your brand awareness and loyalty, further strengthening your brand image.
