

NewYork-Presbyterian Hospital
Patient and Visitor Guide

During Your Stay

WELCOME

Welcome to NewYork-Presbyterian Hospital/Weill Cornell Medical Center. Here you will find a staff dedicated to always providing the highest quality, most compassionate care and service to each and every one of our patients in a warm and friendly environment.

To help you and your family while you are here in the Hospital, we have developed this ***During Your Stay*** Guide. It includes information about services and amenities that are available to make you as comfortable as possible. It also provides important information about your health care team and what you and your family need to know to prepare for going home. We want you to be an active participant in your own care, and you will find that our staff members encourage you to ask questions and share with them any concerns that you or your family might have.

NewYork-Presbyterian Hospital is one of the most comprehensive academic medical centers in the world, with leading specialists in every field of medicine. We are very proud of the outstanding care we provide to patients and families. Most importantly, we are proud of our staff's commitment to taking great care of you and your loved ones.

At NewYork-Presbyterian, **We Put Patients First**. So if you have any questions or if there is anything we can do to ease your stay, don't hesitate to talk to your doctor or any member of your care team.

Thank you for the privilege of caring for you.

Very truly yours,

Steven J. Corwin, M.D.
Chief Executive Officer
NewYork-Presbyterian Hospital

FOR YOUR CARE

Your Care Team

During your stay at NewYork-Presbyterian Hospital/Weill Cornell Medical Center, you will meet a number of health care professionals who work together to plan your treatment. They make up your health care team. You and your family are also an important part of the care team. We encourage you to speak up and let your needs and concerns be known.

As an academic medical center, NewYork-Presbyterian trains new physicians and serves as a site for the teaching of medical and health professional students. These individuals may participate in aspects of your care under close supervision of appropriate Hospital staff.

Doctors

There may be many doctors involved in your care. In addition to your attending doctor, who is often your personal doctor or the doctor who admitted you, you may be seen by other medical or surgical specialists, as well as fellows or residents. A fellow is a doctor pursuing further training in his or her subspecialty. A resident is a doctor who has completed medical school and is enrolled in a residency training program in a particular specialty. Residents are also referred to as housestaff and work under the careful supervision of attending doctors.

The Doctors caring for me are:

Nurses

There may be many nurses involved in your care as well. They work closely with the doctors and other members of the health care team. Our nursing team includes the Patient Care Director, nurse practitioners, staff nurses, nursing assistants, and ICU technicians. The Patient Care Director is responsible for the supervision of all nursing care on a particular unit or units. A registered nurse, who is designated as your primary nurse, plans and coordinates your overall nursing care and assigns tasks as appropriate to other members of the nursing team. A specially trained Pain Resource Nurse is also available to talk with you about any pain management concerns.

My Nurses are:

Care Coordinators

Care coordinators are registered nurses who see that your doctor's orders are carried out in a timely manner. The care coordinator may ask you questions about your care and your medical insurance so that you can receive the appropriate benefits covered under your policy.

My Care Coordinator is: _____

Unit Clerks

Unit clerks greet patients and visitors as they arrive on the unit, answer phones, respond to call bells, and schedule tests. They are available to answer your questions and direct you within the unit. If the unit clerk does not know the answer, he or she is responsible for finding the appropriate person on the unit who can help you.

My Unit Clerk is: _____

Physician Assistants

Physician assistants are health professionals who are members of your health care team. Under the supervision of your attending physician, they can deliver a broad range of medical and surgical services, conduct physical exams, diagnose and treat illnesses, order and interpret tests, counsel on preventive health care, assist in surgery, and prescribe medications.

My Physician Assistant is: _____

Social Workers

Social workers help you and your family manage your Hospital stay and plan for your return home. The social worker can address the emotional issues that come with being in a hospital, provide patient and family counseling, coordinate discharge planning, and offer information about support groups.

My Social Worker is: _____

Dietitians

Registered dietitians are also professional members of the health care team. They plan for your dietary and nutritional needs during your Hospital stay according to your doctor's orders. If you require a special diet, your dietitian provides you with information and teaches you how to follow the diet before you go home.

My Dietitian is: _____

Nutrition Assistants

Nutrition assistants take your daily meal orders and deliver your meals to your room.

My Nutrition Assistant is: _____

Physical Therapists

Physical therapists assess your physical and functional needs and provide you with exercises and programs to help you regain strength, restore your mobility, and improve your ability to do home and work activities in preparation for discharge.

My Physical Therapist is: _____

Occupational Therapists

Occupational therapists provide therapy designed to help improve your ability to carry out activities of daily living, such as dressing, bathing, and grooming, following your discharge.

My Occupational Therapist is: _____

Speech Therapists

Speech therapists assist patients who may need help in regaining or improving speech and communication skills.

My Speech Therapist is: _____

Respiratory Therapists

Respiratory therapists provide care to patients who need assistance with breathing difficulties.

My Respiratory Therapist is: _____

Environmental Services Workers (Housekeepers)

Environmental services workers are responsible for providing a clean and safe environment for patients and staff, including cleaning your room every day.

My Environmental Services Worker is: _____

Patient Escorts

Patient escorts are staff members who transport you to and from tests and procedures in the Hospital. They see that you get to and from your destination safely.

Volunteers

Volunteers provide vital assistance to our patients, families, and health care professionals. Throughout the Hospital, they can be found lending a helping hand with a wide range of tasks and activities. You may meet volunteers on the unit and in the waiting areas.

Your Meals

You will be offered a choice of meals from the Hospital menu with specific attention to any dietary restrictions that may be related to your condition or your treatment. We can also accommodate special requests for vegetarian or kosher meals.

Breakfast: 7 am to 8:30 am
Lunch: 12 noon to 1:30 pm
Dinner: 5 pm to 6:30 pm

Snacks such as juice, crackers, cereal, and milk are available on each patient care unit.

Your Medications

You may want to use the chart below to keep track of your prescription and over-the-counter medications — especially since the medications you were taking before coming to the Hospital may now change as a result of your admission.

Name of Medication	Dose/Amount	How Often/Time of Day Medicine is Taken	Special Notes/Date Started or Stopped

Allergies

Let your doctor and nurse know if you have any allergies, especially to medications and food, and/or to other substances. Please list your allergies here.

Hourly Rounding

A member of your care team will come to your bedside every hour or so to make sure that you are comfortable and to see if you have everything you need. The staff member will ask you about your pain level, whether you need to use the bathroom, and answer any questions you or your family members may have.

Pain Management

Managing pain is important and may help you get better faster. Walking, deep breathing, and physical therapy are easier if you have less pain. You should always let your health care team and primary nurse know if you are feeling pain. Your health care team will ask you to describe your pain and pain level. You may be asked to rate your pain on a scale of “0 to 10” or to choose a “face” on a scale that indicates your level of pain. This will also help your health care team determine if your treatment or medication should be changed. If you feel your pain is not adequately relieved, tell your nurse immediately.

The Hospital has specially trained Pain Resource Nurses who provide support to your health care team and who will consult with you on any pain management concerns or issues. This will help us meet your pain management needs and keep you comfortable throughout your hospitalization.

Rapid Response Team

A Rapid Response Team is a special Hospital team that can be called by your nurse if your condition changes quickly. The Rapid Response Team is made up of at least two of the following professionals: critical care nurse, doctor, physician assistant, nurse practitioner, and respiratory therapist. The Rapid Response Team works closely with your primary doctor and nurse to provide care. The team can be called any time of the day or night. If you have any questions about the Rapid Response Team, please talk to your nurse or doctor.

Patient Services Administration

(212) 746-4293

Patient Services Administration provides a central location for patients and families to voice their opinions — both positive and negative — about any aspect of Hospital care or services. Our Patient Services Administration personnel can help you and your family with questions and concerns, explain Hospital policy and procedures, and take appropriate steps to see that your rights as a patient are respected. Each Patient Services Administration staff member is trained in managing the issues that can have an impact on the quality of the patient experience. The Patient Services Administration staff is also available to educate patients and their families about advance directives and address any ethical concerns that may arise during a patient's stay.

Interpreter Services

Interpreters for foreign languages and sign language can be arranged by a member of our staff free of charge. Indicate to a member of our staff if you will need this service, and an interpreter will be arranged for you. Equipment for patients who are hearing impaired is also available.

Services for the Visually Impaired

If you are visually impaired, our staff will assist you with forms. The Patient Bill of Rights and various selected forms are available in Braille through Patient Services Administration.

Ethics Consultation

The Hospital has an Ethics Committee, and its representatives are available to you, your family members, and Hospital staff for help when ethical issues relating to care arise. The Ethics Committee can provide counsel in areas such as ventilator use, feeding tubes, and dialysis. Please speak with your nurse, doctor, social worker, chaplain, or a representative from Patient Services Administration for more information.

Pastoral Care

(212) 746-6971

Monday through Friday, 9 am to 5 pm

The Hospital's Department of Pastoral Care and Education can provide spiritual and emotional support to you and your loved ones while you are in the Hospital. Chaplains are trained to work with people of all faiths and those who have no religious affiliation. We have multi-faith chaplains who are available to provide religious guidance if desired and to help maintain religious or ritual observances. If you would like to talk to a chaplain during your Hospital stay, please let your nurse know. The Leland Eggleston Cofer Memorial Chapel is located in the first floor lobby of the Hospital's main entrance at 525 East 68th Street. The chapel is open daily for prayer and meditation for people of all faiths.

24-hour Emergency On-Call Chaplain: Contact the page operator at (212) 746-5100 and provide the operator with the On-Call Chaplain's pager number 17205.

Pet Therapy

(212) 746-4690

NewYork-Presbyterian/Weill Cornell has a pet therapy program through which therapy dogs can visit you with your doctor's permission. There is no charge for this service. Visits by therapy dogs have been shown to provide a number of different benefits to patients, including reducing stress, relieving depression, or lowering blood pressure. If you would like to arrange a special visit with a pet therapy dog, call (212) 746-4690.

Myra Mahon Patient Resource Center

(646) 962-4472

Weill Greenberg Center
1305 York Avenue at East 70th Street
Second Floor
Monday through Friday, 9 am to 5 pm

The Myra Mahon Patient Resource Center of Weill Cornell Medical College, located on the west side of York Avenue and East 70th Street, is open to patients, their families, friends, and caregivers. The Center provides a library, reading room, lounge areas, computers with Internet access, and wireless Internet connectivity. A medical librarian is available Monday through Friday, from 9 am to 5 pm, to offer confidential assistance with health information questions and can prepare and deliver a customized package of material. The Center also maintains a schedule of health and wellness events where you can learn from expert speakers about the latest advances in health care.

FOR YOUR CONSIDERATION

Private Accommodations

NewYork-Presbyterian/Weill Cornell offers private suites and rooms for patients on most units for an additional cost. Suites offer the look and feel of a fine hotel in a fully functional hospital room. Many suites have panoramic views of the East River. Private rooms have views of the East River, Manhattan skyline, or a restful interior courtyard. The Greenberg 14 South patient care unit features 20 luxurious single-bed patient rooms and offers personalized services, including a business center and chef-prepared meals. Please contact the Admitting Department at (212) 746-4250 or let your physician know if you are interested in private accommodations.

Please be aware that if a semi-private room is not available, you may be assigned to a private room but will not be charged a private room rate. If a semi-private room becomes available, you will have the option of moving to that room or electing to stay in the private room for an additional private room charge.

Private Duty Nursing

(212) 746-4091

Private duty nurses and attendants may be hired through the Private Duty Nursing Office, located in Whitney 131 on the first floor's central corridor between the main lobby and the Information Desk. The Private Duty Nursing Office is open from 9 am to 5 pm, Monday through Friday. During all other times, the Nursing Administrator will assist with private duty nursing needs. You may contact the Nursing Administrator through the charge nurse or Patient Care Director on the unit. Private duty nurses and attendants are not employed by the Hospital. Their fees will be quoted to you when you call the office. Payment must be made in cash or by check directly to the nurse or attendant at the end of each shift.

Guest Facility

NewYork-Presbyterian Guest Facility at the Helmsley Medical Tower

(212) 472-8400

Located adjacent to the Hospital
1320 York Avenue, between East 70th and 71st Streets
New York, NY 10021
www.nypguestfacility.com

The Helmsley Medical Tower at NewYork-Presbyterian/Weill Cornell offers modern, comfortable guest facilities for patients, family members, and others traveling to our Hospital from out of town.

International Services

(212) 746-4455

If your primary residence is in a country other than the United States, please contact International Services. Our International Services staff speak many languages and are available to assist patients and families with a variety of medical and non-medical services, including scheduling doctor appointments, escorting patients to procedures, requesting second medical opinions, and providing information about lodging. The International Services office is located in the lobby of the Greenberg Pavilion.

Online Personal Health Record: myNYP.org

NewYork-Presbyterian Hospital is pleased to offer patients myNYP.org, a free online service for management of personal and family health records that puts you in charge of your health information and offers you the ability to consolidate and organize significant amounts of health information in a private account. You can access your information wherever and whenever needed and can easily share information with clinicians, trusted family members, and other caregivers. With myNYP.org, you can create your own electronic health record and store as much or as little of your health information as you wish in one convenient place online. This includes medical conditions and history, medications, surgery reports, lab results and test reports, immunization records, Hospital discharge instructions, doctor and insurance information, and emergency contacts.

NewYork-Presbyterian cares about patient privacy. Therefore, myNYP.org was developed in collaboration with Microsoft® and uses Microsoft® HealthVault™ — a privacy and security-enhanced online service — to store patient information. Once stored, information can only be accessed and shared by you or with your permission. In addition, online tools offered by myNYP.org can help you manage health and wellness. “My Health Explained” helps you better understand treatments, tests, and procedures used to diagnose and treat your condition. “My Health Tools” includes useful tools to help you manage chronic conditions such as high blood pressure and diabetes; keep track of weight, monitor your diet, and chart your progress; and prepare for emergencies.

FOR YOUR COMFORT AND CONVENIENCE

Welcome Kit

To provide you with a warm reception to our Hospital, you will receive a welcome kit upon your admission. This kit contains toiletries and grooming products from Crabtree & Evelyn, including shampoo, hair conditioner, body wash, body lotion, a toothbrush and toothpaste, a hair brush, facial soap (shea butter), and mouthwash. The kit also contains earplugs, lip moisturizer, and a sleep mask. This patient amenity kit will help meet your personal needs until you are either discharged or can obtain grooming items from home.

Telephone Service

Local Calls

Local calls are free to the following area codes: 212, 201, 347, 516, 551, 631, 646, 718, 914, 917, and 973, and may be dialed directly from your Hospital room.

Long Distance Calls

Calls to area codes beyond those listed above are long distance. There is a small daily charge for having long distance telephone service within the continental United States.

To activate long distance service:

- within the Hospital, call (212) 585-8980
- outside the Hospital, call (212) 746-5083

Follow the voice prompts to complete the activation. If you need assistance, press 0.

Long distance telephone service may be charged to:

- major credit cards (Visa, MasterCard, Discover, or American Express)
- prepaid cards, available at the kiosk located in the Greenberg Lobby, next to the ATM, or in the basement level vending area next to the cafeteria
- home telephone bill

Long Distance Calling Service Terms

The long distance calling service period is from midnight to midnight. Service can be stopped or restarted at any time by calling (212) 585-8980. Service is automatically transferred when you are moved to another room and is stopped when you are discharged from the Hospital.

Making Telephone Calls

Local Calls: Dial 9 + 1 + Area Code + Number
Long Distance Calls: Dial 9 + 1 + Area Code + Number
Toll-Free Calls: Dial 9 + 1 + 800 (866, 877) + Number

Television Service

In general, patient rooms come with several free television channels; additional channels are available for a small daily fee.

Basic Free Service

All patients have 24-hour access to basic television service, which includes the following complimentary channels: CBS (Channel 6), PBS (Channel 16), CNN (Channel 41), the Newborn Channel, and channels providing religious services, classical music, Hospital information, and patient education programming. A guide to programming on Channels 1-57 is available on Channel 66.

Extended Rental Service

Extended television service includes 24-hour access to television programming and movie channels for a small daily charge. A listing of channels is available on Channel 66.

To activate extended television service:

- within the Hospital, call (212) 585-8980
- outside the Hospital, call (212) 746-5083

Please have your payment available at the time of your call. Follow the voice prompts to complete the activation. If you need assistance, press 0.

Once you complete your transaction, please turn to the TV channel of your choice. Service will begin within a few minutes.

Television service may be charged to:

- major credit cards (Visa, MasterCard, Discover, or American Express)
- prepaid cards, available at the kiosk located in the Greenberg Lobby, next to the ATM, or located in the basement level vending area next to the cafeteria
- home telephone bill — the extended television service charge will appear as an entertainment service

Rental Terms

The rental period is from midnight to midnight. Service can be stopped or restarted at any time by calling (212) 585-8980. Service is automatically transferred when you are moved to another room and is stopped when you are discharged from the Hospital.

For Assistance

Rentals:	Call (212) 585-8980, then press 0
TV Repairs and TV Customer Service:	Call (212) 746-5083
Billing Questions:	Call (866) 234-9009

Patient Education Television Programming

The Hospital offers extensive patient education programming free of charge through your television service. A list of topics can be found on Channel 88, or ask your nurse for a printed copy of the list. After you watch the program, if you have any questions about the information, talk to your nurse or doctor. To view the program:

Step 1: Call (212) 585-8980. You will hear several commands.

Step 2: Choose a language.

- Press 1 to hear the instructions in English.
- Press 2 to hear the instructions in Spanish.

Step 3: After listening to instructions, press 2 for video on demand.

Step 4: Enter the 3-digit video code for the topic you want to watch. You will be asked to confirm your choice.

- Press 1 if correct.
- Press 2 if not correct.

Step 5: You will hear, “Your video selection will begin playing momentarily on channel ___.” Turn your TV to the channel that is mentioned.

Step 6: You will hear:

- To repeat this message, press 1.
- To end the call and begin playing your video, press 2.

Internet Access

You and your family members can use a personal laptop computer and most other mobile wireless devices in the Hospital. You can connect your computer or device to our Wireless Guest Network, which is designed for guests and patients at the Hospital, by selecting “guest-net” from the list of networks that appears when you click on the wireless icon. Launch your device’s web browser and it will automatically present a disclaimer page listing the Terms and Conditions and Acceptable Use for the Wireless Guest Network. You must select “I Agree” at the bottom of the page in order to use guest-net. Most web browsers are compatible with this process.

Guest-Net Wi-Fi connection is an open and unencrypted wireless network with Internet-only access. No connectivity to the Hospital’s intranet resources is available.

Visiting Hours

In general, visiting hours are from 9 am to 9 pm. However, visiting hours can vary according to the location, condition, and needs of the patient. Please look for signs indicating special visiting hours on a particular unit, or ask the nursing staff on that unit. Our staff will work with patients and families, especially those in a room with two beds, to allow patients time to rest and sleep.

Quiet Time

All inpatient units of the Hospital observe a daily quiet time to help provide you and your family with a calming health care environment and to enable patients to rest. Designated quiet time hours are posted on each unit and announced when they begin. During this time, staff and others on the unit are asked to keep noise levels to a minimum.

Information Desk

(212) 746-4690

Monday through Friday, 7:30 am to 8 pm
Saturday, Sunday, and Holidays, 8 am to 8 pm

The Information Desk is located just past the lobby of the Hospital's main entrance at 525 East 68th Street. You will see the symbol  indicating its location. The Information Desk can provide directions and information to patients and visitors.

Gift Shop

(212) 746-4230

Monday through Friday, 7:30 am to 9 pm
Saturday and Sunday, 9 am to 9 pm

The Gift Shop is located behind the Information Desk. It offers a wide selection of items, including flowers, toiletries, newspapers, magazines, cards, snacks, beverages, gifts, and Mylar balloons. You may call the Gift Shop to have deliveries made to your room. In addition, breast pumps can be rented through the Gift Shop.

For the health and safety of our patients, latex balloons are prohibited in the Hospital. Mylar balloons and flowers (fresh cut, artificial, and dried arrangements) are prohibited in all intensive care units, recovery rooms, operating rooms, nurseries, the labor and delivery unit, and oncology and transplant units.

Hairstylist/Barber

(917) 502-8942

A hairstylist or barber can provide services, including shaves and cuts for men, in your room. To make an appointment, you can call (917) 502-8942 or ask a member of the nursing staff to make arrangements for you. Payment is due at the time service is rendered.

Places to Eat

The map in the front pocket of this Guide includes a list of neighborhood restaurants. In addition, there are several places to have a meal or snack within the Hospital.

The Garden Café

Monday through Friday, 6 am to 8 pm

Saturday and Sunday, 7 am to 8 pm

The Garden Café is located on the “B” level of the main Hospital building. You can ask for directions at the Information Desk located just past the main lobby of the East 68th Street entrance.

The cafeteria-style Garden Café is open for breakfast, lunch, and dinner. Dinner offerings include hot food, pizza, and a salad bar. For daily specials, call (212) 746-6368.

Au Bon Pain

24 hours a day/7 days a week

Au Bon Pain is located near the Information Desk just past the Hospital’s main lobby. The menu includes pastries, hot and cold sandwiches, soups, salads, hormone-free chicken, and authentic artisan breads.

In addition, the Hospital has two Au Bon Pain kiosks in the following locations:

- Starr Pavilion lobby, entrance on East 70th Street
Monday through Friday, 7 am to 3 pm
- Perelman Heart Center atrium, fourth floor of the Greenberg Pavilion
Monday through Friday, 7 am to 7 pm

Vending Machines

Vending machines are available 24 hours a day in the area adjacent to the Garden Café on the “B” level. Additional vending machines are located near the visitor lounges in the Greenberg Pavilion.

Public Restrooms

Public restrooms are located throughout the Hospital and on every floor, usually near the elevators. For infection control purposes, bathrooms in patient rooms are for patient use only.

FOR YOUR SAFETY AND SECURITY

Important Patient Safety Information

At NewYork-Presbyterian Hospital, we want to work closely with you to make your care safe. By getting involved in your care, asking questions, and speaking up, you will help us achieve optimum outcomes.

Be Actively Involved in Your Care

Your health care team will keep you informed about your care. They will listen to your concerns, answer your questions, and explain your treatment plan. If English is not your primary language and you need assistance, we will provide an interpreter for you. When you are discharged, you will receive written instructions to take home.

Ask Questions and Speak Up

- Actively participate in decisions about your treatment.
- Ask questions about your care and treatment.
- Ask questions about your discharge instructions.
- Tell us if you do not understand what we are saying to you.
- Ask for an interpreter if you do not understand English.

Keep Your Health Care Team Informed

- Share your medical history with your health care team.
- Tell us about your medical problems and prior surgeries.
- Tell us if you have any allergies.

Know Your Medications

While you are in the Hospital, ask about all medications you are given and why they have been prescribed for you. Remember to take home your written medication instructions.

Expect Staff to Check and Recheck Your Identification Band

Wear your Hospital identification (ID) band at all times while you are in the Hospital. Our staff will review the information on your Hospital ID band before giving you any medications, before tests, procedures, and X-rays, or when giving you your food tray. If your ID band comes off or is unreadable, ask us to replace it.

Use Your Call Button

There is a red button on the television remote control, which may be used to call for help whenever it is needed. Call buttons are also located in all bathrooms.

Help Prevent Falls

For your protection, we strive to make every effort to prevent falls during your Hospital stay. This includes placing your call button within reach, helping you get out of bed, and taking you for walks on the nursing unit. If you are at risk for falling, we will take extra precautions.

You can help prevent falls by:

- calling a staff member for help getting out of bed or a chair
- keeping your call button close to you — let us know if you cannot reach it
- wearing Hospital-provided non-skid socks or shoes when you walk around
- making sure the brakes are locked before getting in or out of a wheelchair
- if you wear glasses, making sure you have them on before you get out of bed
- following the staff's instructions to prevent falls

Preventing Infections

Preventing infections is one of the most important goals of the Hospital. While not every infection is preventable, many can be prevented by taking certain precautions.

Practice Hand Hygiene

One of the best ways to prevent infections is hand hygiene. Hand hygiene refers to cleaning hands with soap and water or with an alcohol-based hand sanitizer. Alcohol-based products are an easy way to perform hand hygiene. Throughout the Hospital, you will see Purell® dispensers and bottles in hallways and patient rooms.

Your health care team will clean their hands before and after providing care to prevent the spread of infection. They are required to use Purell® or wash their hands with soap and water. If you're not sure that your health care provider cleaned his or her hands, please ask the provider to do so before examining you or performing a procedure. They will be glad you reminded them.

Follow Visitor Guidelines

We want you to help prevent the spread of infection too. If your family members or friends have a cold, cough, fever, or rash, please ask them not to visit until they are better. Ask your visitors to clean their hands with Purell® before they come into your room.

Know About Health Care-Associated Infections and Precautions

All hospitals strive to prevent health care-associated infections. These infections include:

- Surgical site infections, which can happen after surgery at the area on the body where surgery was performed.
- Central line-associated blood stream infections, which can occur in patients who have a central line catheter in their vein. These catheters are placed so that the patient can receive medications and blood transfusions.
- Multi-drug resistant organism infection, which is a type of infection that may not be related to a procedure. This type of infection, which can affect any part of the body, is caused by bacteria that are resistant to many antibiotics. Resistance means that the bacteria have become harder to treat. These infections can be passed from patient to patient if proper prevention practices are not followed. They can also occur as a result of treatment with antibiotics.

When you have a procedure, such as an operation, a cardiac catheterization, or a central line placement, strict guidelines are in place to help prevent infections. Sterile drapes are used to create barriers to prevent contamination of the body site being worked on. In addition to performing hand hygiene, the health care team:

- wears sterile gowns, gloves, caps, and masks
- uses sterile supplies and surgical instruments
- cleans the skin with an antiseptic where the procedure is to be done

Before some operations, patients are given antibiotics to prevent infections.

In some cases, to help prevent health care-associated infections, we place patients on isolation precautions in a single room. Patients who have been diagnosed with a multi-drug resistant organism infection may also be placed on contact isolation. If you are on contact isolation, health care team members may wear a mask, gown, or gloves when coming to see you — although you may still remain in a two-bedded room. Please check with your nurse about precautions you should take.

If you have questions about preventing health care-associated infections, please ask your doctor or nurse.

Balloons/Flowers

For the health and safety of our patients, latex balloons are prohibited in the Hospital. Silk flowers are preferred over real flowers, as real flowers pose an allergy risk to some patients. Mylar balloons and flowers (fresh cut, artificial, and dried arrangements) are prohibited in all intensive care units, recovery rooms, operating rooms, nurseries, the labor and delivery unit, and oncology and transplant units.

Electrical Appliances

Electrical appliances, such as hair dryers and other plug-in items, from home are not permitted on the units. Special permission to use electronics from home may be granted in rare instances and must be pre-approved by our Biomedical Engineering Department. If you have any questions, please speak with your nurse.

Staff ID Badges

Every staff member and volunteer is required to wear a Hospital identification badge that includes a photograph, name, and role in the Hospital. Do not hesitate to ask employees or visitors to identify themselves. If you have any concerns about the identity of any person entering your room, contact a member of the nursing staff immediately. Report any suspicious behavior immediately to the Security Department at extension 6-0911.

Security

(212) 746-0911

The Security Department monitors the Hospital and its properties 24 hours a day, 7 days a week. Special security measures in the maternity and pediatric areas provide further security for newborns and children during their stay in the Hospital. Please note that anyone entering the Hospital will be asked to show identification.

Valuables

The Hospital is not responsible for loss or damage to any personal property, including hearing aids, eyeglasses, or dentures, kept in your room. Please send your valuables home with a friend or family member for safekeeping. If this is not possible, contact the Patient Care Director or Security to have the valuables locked in a safe.

Lost and Found

(212) 746-0911

Lost and Found is located in the Security Department in the Annex Building at 523 East 70th Street.

No Smoking Policy

NewYork-Presbyterian Hospital is a completely smoke-free environment — indoors and outdoors. Smoking is prohibited in Hospital buildings, at entrances, on all outside grounds, and in gardens, courtyards, and parking facilities. For information on programs that can help you stop smoking, ask your doctor or visit the Hospital's website at <http://nyp.org/services/smoking-cessation.html>.

PREPARING TO GO HOME

Discharge Information

Start thinking about plans for your discharge early in your Hospital stay. A social worker can help you and your family arrange an appropriate discharge plan. Each patient has different needs, and every plan is carefully made with those needs in mind.

When your doctor tells you that you are ready to go home, your nurses will discuss ongoing care with you. If any prescriptions are required, they will be given to you the night before you go home. You will also receive a written discharge plan that describes the arrangements for any future care that your doctor may order after discharge. You may not be discharged until the services required in your written discharge plan are secured or determined by the Hospital to be reasonably available. You also have the right to appeal your discharge plan. An envelope for your discharge information is provided in the front pocket of this Guide so you will be able to easily keep track of the material.

As you make arrangements to leave the Hospital, please note that discharge time is before 10 am.

Going Home Checklist

The following list of questions will help you prepare for a smooth transition home.

- ___ Do I have clean, comfortable clothes to wear?
- ___ Do I have keys to my home?
- ___ Is there food for me to eat at home?
- ___ Is it the right food for my diet?
- ___ Who is coming to pick me up? _____
- ___ Do I need someone to help me at home?
- ___ Have these arrangements been made?
- ___ Do I have all the prescriptions/medications I will need?
- ___ Will I need any special equipment?
- ___ Is the special equipment there and ready for me to use?
- ___ Have I received my discharge instructions to care for myself at home?
- ___ Will I be following up with other doctors or specialists when I get home?
- ___ Who are they? _____
- ___ Will I need home care services after I leave?
- ___ Have these services been arranged?
- ___ What else should I ask my doctor, nurse, or therapist?

- ___ Who can I call if I have concerns or questions after I get home? _____
- ___ When is my follow-up appointment? _____
- ___ My doctor's phone number is _____

Your Medications

You can use this chart to update your list of prescription and over-the-counter medications in preparation for discharge.

Name of Medication	Dose/Amount	How Often/Time of Day Medicine is Taken	Special Notes/ Date Started or Stopped

Discharge Phone Call

We are interested in learning how we can better serve our patients and families. After you are discharged, you may receive a discharge phone call from the Hospital. The purpose of this call is to see how you are feeling, inquire about your experience during your hospitalization, and to make your transition home as easy as possible. Before you are discharged, please tell your nurse the most convenient telephone number and time for this call.

Patient Satisfaction Survey

Approximately two weeks after your discharge, you may receive a Patient Satisfaction Survey in the mail. The Survey will ask about your stay in the Hospital. Please take a moment to complete and return this Survey. This Survey is very important to us. Your participation will help us take steps to improve the Hospital experience for our patients and families.

Cashier

(212) 746-4311

Monday through Friday, 8 am to 5:15 pm
Saturday and Sunday, 9 am to 4 pm

The Cashier is located in the main Hospital on the first floor off the main entrance lobby. Payment for Hospital charges and other services can be made by cash, personal check, traveler's checks, and most major credit cards.

Billing

Your Hospital bill will reflect all of the Hospital services you received during your stay. Charges fall into two categories:

- a basic daily rate, which includes your room, meals, nursing care, and housekeeping
- charges for special services or procedures, which include the operating room, recovery room, and/or items your physician orders for you, such as X-rays or laboratory tests

For information about charges for telephone and television services, see pages 16 and 17.

You may receive separate bills from physicians who bill independently for their services. You may also receive bills from physicians who did not see you in person, but who provided professional services related to diagnosing and interpreting test results while you were a patient. These include pathologists, radiologists, and other specialists. If you have questions about their bills, please call the number printed on the statement you receive from them.

Insurance

(866) 252-0101

All insured patients should familiarize themselves with the terms of their insurance coverage, including commercial insurance carriers, HMOs, Medicare, and Medicaid. This will help you understand which Hospital services are covered and what your responsibilities are, if any. You should also bring copies of your insurance cards. The Hospital is responsible for submitting bills to your insurance company for Hospital services and will do everything it can to expedite your claim. You may receive a bill from the Hospital for any deductible/copay/coinsurance or non-covered items, as indicated on the explanation of benefits received from your insurance company. If you have any questions regarding your insurance coverage, please call (866) 252-0101 or the telephone number indicated on your billing statement.

Notice to Uninsured or Underinsured Patients

(866) 252-0101

If you are uninsured, you will be responsible for payment of your Hospital bill unless you are eligible for and receive coverage from other payment sources. NewYork-Presbyterian Hospital offers assistance to patients who do not have insurance or are underinsured to determine whether there may be other sources of payment, such as Medicaid, Medicare 1011, Workers' Compensation, No-Fault, COBRA benefits, or Charity Care, available to cover Hospital services rendered here.

Charity Care/Financial Aid Policy

(866) 252-0101

NewYork-Presbyterian Hospital has a long-standing policy to assist patients who receive health care services at our Hospital and are in need of financial aid, regardless of age, gender, race, national origin, socioeconomic or immigrant status, sexual orientation, or religious affiliation. If you have a financial obligation to NewYork-Presbyterian and believe you cannot afford to pay, the Hospital has a charity care/financial aid policy that can assist qualified patients. Information regarding eligibility for charity care/financial aid and the application process is available from the Admitting Department or by calling toll-free (866) 252-0101.

Medical Records (Health Information Management)

(212) 746-0530

Mailing Address:

Medical Correspondence Unit
NewYork-Presbyterian/Weill Cornell
525 East 68th Street, Box 126
New York, NY 10065-4879

Drop Off Location:

Medical Correspondence Unit
Main Hospital Building
Payson Corridor, Basement Level, P-04

If you would like to request a copy of your Hospital medical records, please carefully review and complete the *Hospital Release of Information Authorization* form in full and either mail or bring it to the Medical Correspondence Unit. The form is available in English and Spanish on the Hospital's website, or you may pick it up from the Medical Correspondence Unit. To access the form online, type the following in your browser: <http://nyp.org/patients/medical-records.html>. Please read the form carefully and check the appropriate box for the information you need.

The office is open Monday through Friday, 9 am to 4 pm. After hours, completed forms may be placed in the mail slot to the right of the door.

PATIENT RIGHTS AND RESPONSIBILITIES

Your Rights

You have certain rights and protections as a patient guaranteed by state and federal laws. These laws help promote the quality and safety of your hospital care. Please review *Your Rights as a Hospital Patient in New York State*, which can be found in the pocket of this Guide. Share it with family and friends involved in your care. If you have a question about your rights, or do not understand something, speak to your nurse, doctor, social worker, or Patient Services Administration representative.

Your Responsibilities

This Statement of Patient Responsibilities was designed to demonstrate that mutual respect and cooperation are basic to the delivery of quality health care. You are responsible to:

- Provide, to the best of your knowledge, accurate and complete information about present complaints, past illnesses, hospitalizations, medications, and other matters relating to your health; and provide, upon admission, a copy of your Health Care Proxy or other advance directives, if available.
- Notify your doctor or nurse if you have recently been taking any of the following: vitamins, minerals, both prescription and non-prescription medications, and herbal and nutritional supplements. By letting them know what you are taking, they can take steps to avoid possible problems with the medications and treatments you may be getting during your Hospital stay.
- Let your nurse know if food is brought in from the outside for you. We need to see that the food is stored safely and won't interfere with your special diet or treatment.
- Report any unexpected changes in your condition to the responsible medical care provider.
- Report whether you clearly understand each proposed course of action in your care and what is expected of you.
- Follow the treatment plan recommended by the health care team responsible for your care. This group may include doctors, nurses, and allied health personnel who are carrying out the coordinated plan of care, implementing your doctor's orders, and enforcing applicable Hospital rules and regulations.
- Be responsible for your actions if you refuse treatment or do not follow your medical care provider's instructions.
- Follow Hospital rules and regulations affecting patient care and conduct.
- Be considerate of the rights of other patients and Hospital personnel, especially with regard to minimizing noise, refraining from smoking, and assuring the appropriate conduct of your visitors.
- Be respectful of the property of others.
- Assure that the financial obligations for your health care are fulfilled as promptly as possible.

Your Health Care Proxy and Living Will

Sometimes, because of illness or injury, patients may be unable to talk to their doctor and make decisions about their treatment. You may want to plan in advance so that your wishes about treatment will be followed if you become unable — for a short or long period — to decide for yourself. In New York State, individuals have the right to appoint someone they trust to decide about treatment for them, if they become unable to do so. This appointed person is called a Health Care Agent.

The best way to protect your treatment wishes and concerns is to appoint a Health Care Agent and complete the Health Care Proxy form. This form is included in *Your Rights as a Hospital Patient* booklet in the pocket of this Guide. If you do not have someone to appoint as your Health Care Agent, or you do not want to appoint someone, you can also give written instructions about your specific treatment desires in advance. These written instructions are called a Living Will.

The Patient Advance Directive Policy provides, among other things, that the Hospital will follow any advance directive, such as a Health Care Proxy or Living Will, which complies with New York State law provided that you give a signed copy of any such advance directive to the Hospital. If you have any problems, questions, or concerns regarding your stay, please notify Patient Services Administration at (212) 746-4293.

Organ Donation

Should you wish to consider organ donation and enroll in the New York State Donate Life Registry, you may do so by calling the New York State Organ and Tissue Donor Registry toll-free at (866) NYDONOR or (866) 693-6667. You may also enroll through the New York State Department of Health website at www.health.state.ny.us/professionals/patients/donation/organ.

If You Have Concerns

If you have any questions or concerns regarding your rights and/or responsibilities as a patient at NewYork-Presbyterian Hospital, please call Patient Services Administration at (212) 746-4293.

If you feel we have not been able to address your concerns, you may also call:

- New York State Department of Health (800) 804-5447
- The Joint Commission, a hospital accreditation organization (800) 994-6610

FINDING YOUR WAY AROUND

The Hospital's official address and phone number are:

NewYork-Presbyterian Hospital/Weill Cornell Medical Center
525 East 68th Street
New York, NY 10065

(212) 746-5454

Directions

By Subway

Take the #6 train to East 68th Street. Walk four blocks east to York Avenue or take the M66 bus eastbound to York Avenue.

By Bus

Take the M31 to the East 69th Street stop, directly in front of NewYork-Presbyterian/Weill Cornell. The M31 operates north and south on York Avenue, and crosstown on 57th Street.

Crosstown buses M66 and M72 allow you to transfer to the M31 at York Avenue.

For additional subway and bus information, call the Metropolitan Transportation Authority at (718) 330-1234.

By Car

Approaching the Hospital from the south, take the FDR Drive northbound to the 61st Street exit. Turn right onto York Avenue, go north to 68th Street, and turn right into the main entrance circle. Approaching the Hospital from the north, take the FDR Drive southbound to the 71st Street exit. Turn left onto York Avenue, go south to 68th Street, and turn left into the main entrance circle.

Parking

We strongly recommend parking at our licensed and insured Hospital parking garages listed below. Most major credit cards are accepted.

The Greenberg Pavilion Garage (212) 746-2015

525 East 68th Street

Open 24 hours. Handicapped accessible.

Valet parking is located in the circular driveway at the main Hospital entrance. Payment may be made to the Hospital Cashier, Monday through Friday, 8 am to 9 pm and Saturday, 9 am to 4 pm. At other times, payment may be made at the parking booth located in the center of the main entrance circle.

Helmsley Medical Tower Garage (212) 746-1974

507 East 70th Street, between York Avenue and the FDR Drive

Valet parking. Open 24 hours.

Laurence G. Payson House Garage (212) 746-1977

426 East 71st Street, between York and First Avenues (on left)

Valet parking. Open 24 hours.

The Phipps House Garage (212) 746-1979

1285 York Avenue, between 68th and 69th Streets

Valet parking. Open 7 am to midnight.

Map and Neighborhood Services

In the pocket of this Guide, you will find a map that identifies the various locations important for you to know on the NewYork-Presbyterian/Weill Cornell campus and in the surrounding neighborhood. For your convenience, we have also included a list of restaurants, pharmacies, ATM machines, and other local resources.
