When it comes to your FOSS kits, only original parts will do!

If you're like many of our FOSS users, you take pride in keeping your inquiry-based science kits fully stocked and in like-new condition. Did you know Delta Education is the only place to shop for Original Equipment Manufacturer (OEM) parts that will work perfectly in your FOSS kits? Whether you're looking to replenish damaged books, live organisms, or consumable components (anything from food coloring to balloons to cotton balls) we have exactly what you need—all in one convenient place—to save you time and maximize student learning.

You want components that match the ones that came with your kits when they rolled off our assembly line. This is your assurance of superior quality and consistent scientific results, as parts from other sources are neither approved for—nor tested with—the FOSS programs. When you order OEM parts from Delta Education, you receive **Quality, Guaranteed Functionality and an excellent Value!**

Complete **Refill Kits** are convenient packages of all the consumable materials you need to fully replenish your modules.

If you prefer, you may order **Individual Items** from our comprehensive inventory.

Purchasing is **Easy and Convenient!** We offer an online refill center as well as ready-to-print lists in case you prefer hard copies.

Please keep in mind that not all parts are created equal. Only Delta provides OEM components that have been hand-selected by the developers of FOSS. You are **GUARANTEED** premium, grade-level appropriate materials that deliver reliable and predictable performance time and time again.

So take the hassle and guesswork out of keeping your FOSS kits stocked—and make the most of your time teaching science—by purchasing genuine parts from Delta Education.
