**ACCEPT PROFESSIONAL SERVICES**

<b>ELECTRICAL PACKAGE</b>	<b>SELECT ONE</b>	
<b>Electrical Extension Includes:</b> Extension of existing electrical w/in 50' (labor and wiring included): Installer will locate electrical junction box; determine if electrical extension can be added to LCD site and run electrical wiring.* *Additional charges will apply if a new electrical line is required to the Breaker Panel (local permitting costs not included and may cost extra).	<b>Market Price</b>	<b>BILLED BY AVNET</b>
<b>New Electrical Outlet Includes:</b> Add new electrical wiring to new receptacle using like or equivalent material meeting or exceeding all local and National Electrician Codes. New line will be run to breaker box.* *Any local permitting costs not included and may cost extra. **Cosmetic work not included and additional charges may apply if longer cable lengths required.	<b>Market Price</b>	<b>BILLED BY AVNET</b>

**DECLINE PROFESSIONAL SERVICES:**

**IF YOU ELECT NOT TO HAVE PROFESSIONAL SERVICES, YOU MUST READ AND INITIAL STATEMENT BELOW.**

It will be the franchisee's responsibility to ensure that proper electrical, internet and audio cabling is in place within 4 feet of TV installation area prior to the technician arriving at the store. It will be the franchisee's responsibility to ensure that the same or equivalent quality/type of material will be utilized for wiring and cabling. If the electrical and cabling work is not ready at time of installation, there will be a \$250 cancellation fee for the technician to return once the site is appropriately prepared. If any of the electrical or cabling work is not completed to specifications or according to standard industry practices which in turn causes the Subway TV components to not function properly, I may be charged a fee for a technician visit and/or my warranties may be voided.	<b>INITIAL HERE</b>

# SUBWAY® TV & Radio Installation Information

(Canada - Page 3 of 4)

A single TV installation takes up to 3 hours. Any additional installation requests that are not listed under the “What is included in your Installation” section will be considered out of scope work and will be billed at \$80 per hour. If you require out of scope work, you will be required to sign the Authorization for Out of Scope Work Order with the technician.

## What you need prior to installation:

- Dedicated electrical outlet for TV to plug into (within 4 feet of TV)
- Electricity and High Speed Internet
- CAT5 cable run from your router through the ceiling to TV location
- Audio cable (3.5 mm RCA cable) run from your amplifier through the ceiling to TV location
- Clear workspace for technicians (relocate any furniture, chip racks, coolers, etc.)
- Plastic to cover food and bain area
- Router with at least one free port for CAT5 cable/Internet connection
- If you have Static IP, you must have your Static IP address available (contact your Internet Service Provider for this information).

## What is included in your installation:

- Installing Wall/Ceiling Mount and Samsung LCD Screen in Queue Line (Order Here) area
- Connecting TV screen, media player, CAT5, power cable, audio and video cable
- Validating the media player is online, Subway Radio Music is playing, and content is on TV
- Cord Management – **NOTE: All cables are run through the ceiling. Custom running of cables will result in out of scope charges.**
- Clean up of workspace and removal of all boxes

## What is NOT included in your installation:

- Installation of DSL/Cable Modem
- Installation of Router/Network setup and/or network troubleshooting
- Installation of networking cable
- Supplying CAT5, Audio, and/or network cables
- Moving the TV after it has already been installed
- Custom cable work (ie. Tapping cables to the floor, running through conduit, running through/behind walls, or any cosmetic work to hide cables not run through the ceiling)

*Franchisee or other person authorized to make decisions (if decision needed) must be onsite for installation; if not, this could result in rescheduling the installation (additional fees will apply).*

*If you need to reschedule installation, please advise within 2 business days to avoid a cancellation fee.*

For questions please contact IPC Services at 888-445-9239 or  
Services@ipcopp.com

# SUBWAY® TV & Radio Pre-Installation Form (Canada - Page 4 of 4)

The standard LCD screen installation process typically takes about 2 hours (assuming that all required wiring and cabling is in place before hand). A site survey is optional, but strongly recommended for each install. If Avnet is not performing Electrical Services, then it will be your responsibility to ensure that the store is set up correctly for the technician on the date of installation. If the Electrical Services are not completed or done correctly, it could result in additional Out of Scope costs or a cancellation fee. Should this be the case, an AVNET Representative will advise what the incremental cost would be (approximately \$80 per hour) and the specific reasons for the charges. You will be required to sign an "Authorization for Out of Scope Work Order" which ensures nothing is done without your specific understanding and permission.

## Before order is processed, this form must be completed.
