

**Project Request Form – Athletics and Recreation**

This form is to be used to request planning, design and construction services for projects defined primarily as non-capital (total project cost less than \$2 million dollars) related to Athletics and Recreation. This form *must* be submitted by the *department administrator* (Chairperson, Director, etc.). For academic/ research projects, the Unit Dean/Director and Provost must sign the form before it is sent to Facilities. For administrative support or auxiliary projects, the Division Director and appropriate Assistant/Associate Vice President must sign the form before it is sent to Facilities. The Non-Capital Renovation Review Committee will review requests for final approval if initial approvals are granted, and will notify the requestor of the committee’s recommendation.

**For Projects Involving Interior Spaces:** Existing space allocated to a department must be utilized as effectively as possible to support growth needs. Physical changes must increase efficiency and effectiveness/functionality of existing spaces; consideration will not be given to requests that significantly reduce the efficiency of space. If a new space assignment is required to accomplish the renovation, approval for that new space assignment must be obtained from the University’s Space Administration Committee (SAC) prior to submission of a Project Request Form. Space Request Forms can be found at the following web address: <http://facilities.gmu.edu/space/SpaceForms.htm>.

**For Projects Involving Exterior Spaces:** Requests for long term use of exterior space requires approval by the University’s Land and Building Committee, and may require further approval by the Space Administration Committee (where applicable). Requests can be submitted to the Director of Campus Planning ([cwolfe4@gmu.edu](mailto:cwolfe4@gmu.edu)) for review, and will be added to the following Land and Building Committee’s monthly meeting agenda for review/approval. A Non-Capital Project Request Form will not be executed until LBC has approved the use of exterior space outline in the Non-Capital project request.
