

## GUIDE: CREATING LINKS to TEAM SCHEDULES

ScheduleStar.com is a public website that provides vital game information to parents, athletes, coaches, visiting spectators, etc. The online information originates from your Schedule Star program and is updated AUTOMATICALLY. This public portal reduces phone calls to Athletic Departments and saves you time!

The easier it is for your community to find the data they are seeking, the more likely they will be to visit the public website. Creating links that will direct users to specific team schedules is one way to simplify the navigation process and boost website traffic.
