

Biology Project # 1

Name _____
Period _____

NEWSPAPER CURRENT EVENT Project

Each student will turn in **one folder** (3 prongs) containing **10 newspaper articles** pertaining to Biology. All papers must be in the prongs, not stuffed into the front pocket.

The **first page** in the folder will be a **title page** on plain white paper with your **name, period, and date** in the middle of the page.

Next will be a **table of contents** page containing the **title of each article and its number**.

Each article will be stapled or taped neatly to the page (it can be folded if necessary). The entire article must be there! The following information will be underneath or by the article.

1. **Name** of the Newspaper
2. **Date** of the Newspaper
3. The **branch of Biology** that it falls under (see back of this handout)
4. **Summarize the article in 3 complete sentences.**

Projects will be graded as such:

Points

- | | |
|----|---|
| 5 | Having a folder with all paper IN the 3 prongs |
| 5 | Correct title page |
| 5 | Table of contents done correctly |
| 10 | Having 10 complete articles |
| 10 | Having the name of each article |
| 10 | Having the correct date of each article |
| 20 | Having the Branch of Biology |
| 30 | Summarizing each article with 3 sentences |
| 5 | <u>Neatness and following all directions</u> |

100 Total points

5 points extra if everything is typed.

5 points extra if turned in early!
