There shall only be one (1) shot distance, one (1) middle distance, one (1) long distance and one (1) all distances champion for the country.

1. Die aantal duive wat in die klub aan 'n wedvlug mag deelneem om te kwalifiseer, mag nie minder as eenhonderd (100) wees nie. Indien 'n vlug meer as vyfduisend (5000) duive het, word die Koëffisiënt net op 5000 bereken.
1. The number of pigeons that partake in a race on club level to qualify must not be less than one hundred (100) in total. If there are more than five thousand (5000) pigeons in a race, the coefficient will only be calculated out of five thousand (5000) pigeons.
2. Die minimum aantal lede wat kwalifiseer in 'n klub is agt (8) lede.
2. The minimum number of members to qualify in a club is eight (8) members.
3. Die formule om die koëffisiënt te bepaal is die internasionale formule: posisie behaal x 1000 gedeel deur die aantal duive in die wedvlug. (Tussen 100 en 5000). Die laagste Koëffisiënt is die wenner.
3. The formula for determining the coefficient is the international formula: position obtained x 1000 divided by the number of pigeons in the race (between 100 and 5000). The lowest coefficient is the winner.
4. Vir die Suid-Afrikaanse Nasionale uitslag, word een (1) jaar se koëffisiënt bymekaargetel. Die duive met die laagste gemiddelde punte is dus die wenners.
4. For the South African National result, the coefficient of one (1) year will be added up. The pigeons with the lowest average total will be the winners.
5. Fotostate van al die bogenoemde uitslae, moet by hierdie aansoek aangeheg wees.
5. Photocopies of all the abovementioned results must be attached to this application.
