

Censuses of Population and Households 2011

What are the Censuses?

The purpose of the Censuses of Population and Households is to identify the characteristics of the population thus making it possible to plan and organize public services (construction of hospitals, roads, location of school, social policies...) and private activities (installation of supermarkets, banks...). They are carried out in compliance with EC Regulation No. 763/2008 of the European Parliament and the Council of the European Union.

Obligation to respond

There is an obligation to respond to the Censuses of Population and Households (Law 13/1996). If you do not respond or you intentionally give false data, the sanctions envisaged in articles 50 and 51 of Law 12/1989 on Public Statistical Function may be applied.

Statistical Secrecy

The information you provide is confidential and protected by statistical secrecy (Law 12/1989). In particular, no information will be published in any way that could identify the respondent, not even indirectly.

How should I respond?

Please fill out this questionnaire within 15 days following its receipt:

▶ either **By Internet**, at the address:

How do I fill out the questionnaire?

If you have chosen to respond by Internet you do not have to fill out this questionnaire.

To respond by post follow these instructions:

- Check that you have taken out all the material from the envelope.
- ► Read the presentation letter if you have not done so already.
- Start answering the Household Questionnaire which is on the back of this sheet.
- Next you will find the **Individual Questionnaires**. You should fill out one of these for each person who lives in the household.
- If there are more than 6 people in the household telephone this number 900 82 00 82. The call is free.
- For guestions 15 and 16 you will need the lists of occupations and activities that appear in the bro-
- Once you have filled out the individual questionnaires for each person, put this booklet in the prepaid envelope and send it by post.

Please take into account...

This questionnaire will be read by a scanner. We therefore ask that:

- To respond, mark the table that corresponds to your answer with a cross (X). If you make a mistake, cross it out completely and mark the correct option: ₩ 1 \times 2 3
- Write in CAPITALS and without accents.

Use one box for each letter and separate the words with a blank space. If you make a mistake, cross the box out completely:
