Message from the Steering Committee

No one needs reminding that we are less than a year away from a major presidential election year. Recently it was pointed out that this election year will be one of the most important in a generation. The next president will likely name one if not more Supreme Court Justices. The importance of change in the Justices sitting on the Supreme Court on decisions regarding campaign finance and voter rights is evident in recent reversals of decisions on these two topics.

This will be the first federal election without the full protections of the Voters Rights Act of 1965. We have heard of numerous state laws passed recently which have the effect of disenfranchising voters. We in New York State have limited options for voter registration and voting options outside of our polling place on Election Day. There is much work to be done to make voting easier and to encourage participation by all eligible.

This will probably also be the most expensive federal election ever with a large portion of the dollars coming from a small number of very wealthy donors (a majority estimated to come from just 159 families).

In January our League held a consensus meeting to update a position on campaign finance to recognize the effect of First Amendment rights decisions on campaign finance regulation and allow the League to take action to protect our democratic process from the influence of a small number of large donors and the effect of large contributions from corporations and other organizations with large pocketbooks. This study was part of the process of collecting grassroots ideas from local Leagues to determine priorities.

Program planning meetings by local Leagues in 2014 resulted in approval at the National Convention in 2014 of three areas of program and study. One area was money in politics, another was a study of the process of amending the United States Constitution, and the third was a review of the redistricting process for federal Congressional offices.

This year there will be another National Convention of the LWVUS which will be held in Washington, DC in June 2016. In preparation, our League and all others will hold program planning meetings in order to identify priorities for the next two years.

Some of the most important work done by the League includes:

- 1) Registering and educating new voters on voting procedures and how to arrive at the correct polling place prepared to have their vote count.
- 2) Work done to protect the vote so that each vote cast is counted.
- 3) Empowering the vote with nonpartisan information about candidates and issues with our Voter Guides, campaign forums, and web-based candidate information at VOTE411.org.
- 4) Getting out the vote. New York has low voter turnout numbers. Many feel that elected officials don't represent their needs and that their vote does not count. Yet the best way to combat big money's influence is to get more informed voters participating in the election.

A recent survey of League members nationwide indicated that the most important issues faced by our nation today include the influence of money in politics, voter rights, redistricting, and climate change. As we hold our February 9th program planning meeting, let us identify what issues we in Schenectady County think need to be the focus of our organization on both a national and a local level and consider the positions we have previously developed to see if they allow us to take needed action. We can then provide our input to the national League for planning the direction Leagues at all levels will take in 2017-2018.

This is important work and a great way to see how the League functions as a grassroots organization. This meeting is your chance to have your opinions influence both our national League and our local Leagues. Please join us on February 9th!

Carol Furman, Lead

Judicial Committee

In December, the Judicial Committee presented a concurrence meeting on the issue of “Raising the Age of Criminal Responsibility from 16 to 18 Years” in New York State. We agreed with the standard that now exists in 48 other states and we are now awaiting the statewide LWV response.

We continue to monitor the progress on nominations to the Court of Appeals. While the Governor has submitted his choice for Chief Judge by the deadline required by law, the State Senate has not yet acted on its responsibility in a timely fashion. On behalf of the State LWV, I submitted a letter to the Gazette editor which was published on January 12, 2016 (see below). We now wait for action by the Senate.

We noted with great sadness that former Chief Judge Judith Kaye has passed away at the age of 77. She was the first female Chief Judge of New York, serving for 14 years with great distinction. Her compassionate and creative approach will be greatly missed. She was particularly passionate about issues of the Family Court, promoting ways to move children out of foster care into permanent loving homes. She also created and promoted “specialty courts” to deal more constructively with drug addiction, mental health and domestic violence situations which have created more positive results in the criminal and civil justice systems.

Judge Kaye will be sorely missed, and we wish for the incumbent leadership to follow her course.

Helga A. Schroeter, Chair

Letter to the Editor, The Daily Gazette, published 1/12/16:

Delay on chief judge vote will delay justice

The League of Women Voters of New York State strongly agrees with The Daily Gazette’s Jan. 6 editorial, “No excuse for delay on chief judge,” drawing public awareness to the serious consequences of the state Senate’s refusal to address the appointment of the new chief judge in the timely manner required by law.

The chief judge is not only one of the seven members of the Court of Appeals, but he or she also acts as chief administrator, prepares the annual budget and oversees the functions of the courts. In addition to the absence of a new chief judge, the court also has a second vacancy

since the resignation of Associate Judge Susan Reed, leaving the panel of five with an overload of cases to be heard just in the upcoming weeks. It reminds of the saying, “Justice delayed is justice denied.”

Thank you for your editorial advocating for prompt action on these crucial judicial appointments.

Program Planning

What should be the focus of League of Women Voters study in the years 2016-2018?

Join us for a potluck supper on February 9th at 6 PM at 1400 Keyes Avenue, home of Connie Young, followed by a program planning meeting. We will set goals for our Schenectady work for the upcoming year and make recommendations for study to the national League of Women Voters. Please bring the February bulletin with National and Local

positions to the meeting and a salad to share.

New or potential members are welcomed at 5:30 PM for a short introduction to the LWV prior to the program planning meeting. This meeting is a wonderful way to meet other LWV members and to get a view of how the League develops its positions and the focus of its advocacy efforts. Hope to see you all there! Call 346-2746, Carol Furman if you have questions.

Health Committee

The Health Committee has facilitated three meetings of a Falls Prevention Workgroup made up of area organizations that provide services to seniors as part of a collaboration with Schenectady Coalition For a Healthy Community. Work towards the goal of reducing falls among seniors that results in injury and death is being encouraged and supported by the NYS Department of Health.

This year the State Health Department is funding some free training for providers, for programs for increasing balance and

strengthening and other interventions to help seniors remain active and in the community as they age.

The Workgroup is focused on increasing the number of persons trained to provide successful falls prevention programs and the access to those programs. In addition, the group would like to identify what resources the County has for both prevention programs and home modification services. If you are interested in working with the Health Committee on this project, call Carol Furman, 346-2746.
