OFFICI

Jumbo's exclusive Dutch artist Jan van Haasteren has been making audiences laugh for decades with his collection of hilarious illustrations. His drawings are distinctly recognisable from the humorous images, side-splitting situations and far more people than you would ever expect to see in a jigsaw puzzle!

Born on 24th February 1936, Jan developed his love for drawing at a very early age. His first contact with Jumbo was in the 1980's who initially were sceptical about the amount of small imagery produced, however, from then to now Jan & Jumbo have been working together developing new themes and ideas. They now produce about 3 new images every year.

Jan already has a huge following, but Jumbo thought it would be fun to introduce this popular artist to a wider range of puzzlers with the Family Puzzle and the XXL puzzle. There is also a new 1000 and 2000 piece puzzle just released and will make a great gift.

Family Puzzle is a 615 piece puzzle the whole family can enjoy. There are three different sized pieces designed to suit each member of the family. On the left - for the younger family members - there are extra large pieces which make it easier for them to enjoy, the middle - for those who have puzzled before - is made up of medium sized pieces and for the experienced puzzler there are standard 1000 piece sized pieces on the right. What makes this puzzle so special is that all the pieces fit perfectly together so even though there are different sizes, it won't affect the finished image. You don't necessarily have to enjoy this puzzle with friends or family, if you prefer, you can piece it together on your own, and the different sized pieces will make it more fun to enjoy.

XXL Neighbourhood is the 252 piece puzzle with extra, extra large jigsaw pieces. Neighbourhood illustrates a hilarious bird's eye view of the chaotic local neighbourhood gardens and – as with every Jan van Haasteren work of art - there are plenty of amusing situations for you to enjoy. The finished size of the puzzle measures 68 x 49cm which is the same as a standard 1000 piece puzzle.

The Tennis Court is available in both 1000 and 2000 piece counts and is a side-splitting impression of a regional tennis tournament which is sure to leave puzzlers dizzy trying to keep an eye out for all the tennis balls being wacked from one court to the other as they piece together a vast array of hilarious illustrations within this comical jigsaw.

These three jigsaws are just the latest in the fabulous range for 2011 and are all available now, but don't forget to look out for the 1000 piece Carnival and Crazy Casino puzzles in a decorative Tin, the comical Under Water World in a 1000 and 2000 piece count and also one for all animal lovers, The Farm in a 1500 and 3000 piece count. All available later in the year.

We are aware that many of you have been collecting Jan Van Haasteren for a number of years and have been asked many times for a complete list of all Jan Van Haasteren Jigsaws ever made! The list is extensive and whilst very few are now available we do have the list available to our collectors. Please let us know and we will send it out to you.

We are also going to start a JVH Collectors club, so you need never miss a new release. Again just let us know of your interest and size preference and we will add you name to our Collectors list and send all new releases as they are issued.

We've used our Readers letters column this month to give you details of **ALL CURRENT JVH JIGSAWS**.

JIG'S CORNER

QUESTIONS, INFORMATION & MORE

Hello fans & friends,

Following the success of our 'New Zealand' panoramic puzzle, I'm pleased to tell you that we have 8 great titles coming in for July/ August.

Next Wasgij releases will be June/July-Watch out for a few surprises... If you are a collector and want to be added to our list for automatic despatch, please let me know.

We're still awaiting new stocks from Jigthings, who advise a June delivery date. Apologies to everyone waiting and thanks for your patience. Jigthings are the only producer of this range, so we are unable to offer a suitable alternative. However, we still have the 'lightweight' 1000 & 1500pc boards in stock at £20 & £24 respectively (That's a big word for me)

Sorry if we let you down on your requested Clementoni jigsaws - They have flown out so we offering a few more this month. Please remember that these are limited and have a lead time of 6-10weeks

And lastly - thanks to all who sent in donations for Lennox - We raised An additional £60.00 but unfortunately not one winner - The Bears name was **CANDY**.

Enjoy the light evenings and 'carry on' puzzling
