

Propagation Internship

Johnson's Nursery, Inc. is a third generation, family-owned business. Our focus is on growing high quality, hardy plants. Johnson's Nursery hires reluctantly, because we favor long-term employment and provide job security. We encourage applications from all qualified people passionate about plants.

Position Details:

- To give the student the opportunity to gain first-hand experience in propagation, production, and maintenance of landscape nursery crops
- 13 week (500 to 600 hours) full time summer program from late May through August
- (May through August), primarily 8 hours per day, some weekends as needed

Job Description:

- Container Production
 - Potting/Production line
 - Plant maintenance including weeding, spacing, watering
- Propagation
 - Seed collection, processing, sowing
 - Prepare and stick cuttings, grafting
- Field Liner Production
 - Production, propagation, and growing activities related to field liner production
- Labor in Other Departments
 - B&B production, landscape install & construction, and others as required

Qualifications:

- Should be a student of Horticulture or related field
- Avid interest in horticulture propagation and production
- All parameters set by the student's academic institution
- Keep a daily log of work and learning experiences to be reviewed by internship supervisor
- Required to be productive, self-motivated worker. Capable of past paced repetitive work
- Need to be able to safely lift 50 pounds

Benefits & Compensation: \$10.00 per hour

Student intern will gain valuable, real world propagation and production experience in the landscape nursery field through daily interaction and job shadowing with experienced, veteran growers and production managers.

- Gain experience with emphasis in propagation and production
- See and learn about bareroot field production of whips and liners
- Opportunity to see many different aspects of the green industry
- Opportunity to meet and network with industry leaders
