# ALLIANCE OF CARDIOVASCULAR PROFESSIONALS

ACVP exam reviews are based upon the Cardiovascular Credentialing International exams. The instructors employed by ACVP have a proven track record in preparing students for taking these exams and passing them successfully. These reviews are geared towards individuals who are ready to earn their credentials.

ACVP strongly supports the credential-

ing process. We encourage all practitioners to achieve the highest credential possible in their specialty. Even if you already have other credentials, CCI's are recognized as the leader in cardiovascular practice.

ACVP also offers CEUs through regularly scheduled regional Cardio Conferences and online via webinars. Learn more at [www.acp-online.org/education](http://www.acp-online.org/education).

When you join the Alliance of Cardiovascular Professionals, you are joining an organization respected throughout the world as an authority on cardiovascular management and practice. We have over 50 years of continuous experience representing more than 3,000 leaders specializing in all areas of practice: echocardiography, invasive, non-invasive, cardiopulmonary, rehabilitation, management and nursing. We also represent all levels of practice: administrators, managers, supervisors, nurses, technologists and technicians.

This diversity provides a rich resource for learning, networking, and a strong voice in the field. ACVP is a unique catalyst for advancement. Information and learning takes a leap forward with ACVP.

ALLIANCE OF  
CARDIOVASCULAR  
PROFESSIONALS

Membership is open to all professionals working in the cardiovascular arena. Benefits of membership include publications, 200+ continuing education hours available including online access to free CEs, networking, recognition, representation and more.

If you are a leader, if you want to be a leader, if you are committed to your career or you just want to stay ahead of the curve, join ACVP today!
