From The President

Hi RAINMAKERS:

Monday May 15th Larry Nichols, Dave Jarzyna, Stan Flemmer and myself went on the Law Enforcement Day Ride. We left Beartooth Harley Davidson at about 7:15 AM. Went to Lavina, Harlowton, Eddie's Corner and into Great Falls. We arrived at the Harley Davidson dealership in Great Falls at about 11:00 AM. At about 11:45 we went to Fuddrucker's for burgers. The return trip to Billings, (just the Rainmakers) took us through Helena, Townsend, Big Timber, Columbus, and Laurel and arriving in Billings at about 6:45 PM. for a total of 561 miles. (from my house to my house)

"WOW what a day, what a ride."

To bad it was on a Monday, only a few could attend. There was about 20 to 30 Bikes from Billings and Laurel That attended the ride.

High Urinals

A group of 3rd, 4th and 5th graders, accompanied by two female teachers, went on a field trip to the local race-track (Churchill Downs) to learn about thoroughbred horses and the supporting industry (Bourbon), but mostly to see the horses. When it was time to take the children to the bathroom it was decided that the girls would go with one teacher and the boys would go with the other.

The teacher assigned to the boys was waiting outside the men's room when one of the boys came out and told her that none of them could reach the urinal. Having no choice, she went inside, helped the boys with their pants, and began hoisting the little boys up one by one, holding on to their "wee-wees" to direct the flow away from their clothes. As she lifted one, she couldn't help but notice that he was unusually well endowed. Trying not to show that she was staring the teacher said, "You must be in the 5th grade." "No, ma'am", he replied. "I'm the jockey riding Silver Arrow in the seventh race, but I appreciate your help."

Rainmaker Meeting Minutes

May Meeting Minutes 2006

The meeting was called to order by Darrel LaVoy at 7:50 PM. Darrel introduced Stan Flemmer who is applying for membership. Stan rides a 1500 Goldwing and has ridden on several rides with the club. Stan was voted in unanimously. Darrel thanked Judy Balzer for the cheese cake that she brought for dessert tonight. Thanks— yummy.

Larry Nichols gave a ride report on the Sarpy Creek ride. They left Billings in good weather with 15 bikes and 23 people. They stopped at Sarpy Creek for lunch the food was good but a little slow. After leaving there they rode to Stokers in Huntley for a pop and then home. Dick Slagowksi gave the ride report for Powell. There were 15 bikes and 20 people. They left Billings and rode to Lovell for lunch at the Chinese buffet which was enjoyed by all and the price was right. After lunch they rode over to Horse Shoe Bend and then back to Billings. Good ride except for some rough roads and construction.

A motion was made by Dave Alder to approve last months minutes as written and was seconded by Jean Bushman. The motion passed.

Don gave treasurers report. The balance in the checking account is \$1421.83. After having paid for the news letter and bills for May. Don also reported that all the advertisers have paid for their ad except for one and that one should be coming and that all memberships are paid up. The income from the 50/50 drawing and the shake a day is up since the changes in the rules.

Darrell gave a report for Cheryl on the news letter. The cost for the May news letter was \$41.40 and the April news letter cost was \$40.15 compared to the cost for the December 2005 news letter was \$62.20. This amounts to an annual saving of \$264.96 This is a result of people getting the news letter from the web site and not having to print or mail the news letter to them. Darrel stated that there are still several people who could get the newsletter this way and encouraged everyone to try doing this.

Darrel stated that this Saturday is motorcycle awareness day and that we are invited to join Chapter B at Kmart to raise public awareness. Darrel also announced that May 15, 2006 is the Law Enforcement and that it will be leaving Beartooth Harley at 7:00 AM. If anyone would like to go to contact him or show up at Beartooth Harley. The ride is to Great Falls this year.

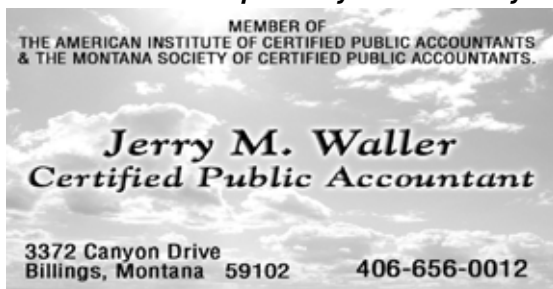

Darrel announced that the club made new nametags for the e-board members and that members could also by a nametag for \$4.50. If anyone would like to by one to let him know and he will get them one.

Larry counted 11 for the dinner ride this month, which is to Fort Rockvale. If you are riding your bike meet at McDonalds at 6:00 PM and if you are driving a car meet at Fort Rockvale at about 6:30 PM.

Dave Jarzyna made a motion to allow those taking the Motorcycle Safety course to count this as attending the Sunday ride since there is a scheduled ride on the same Sunday and those taking the course cannot attend the club ride. Larry Nichols seconded the motion and the motion passed unanimously.

The shake a day is up to 373.50 for the shooter. No one won any of the shake a day this meeting. Juanita Brewer won the 50/50 drawing. The shake a day and the 50/50 drawing deposit was \$31.50 Dick announced that he has a couple of motorcycle trailers a cargo trailer and a camping trailer if anyone is interested. Larry Nichols made a motion to adjourn and was seconded by Darrel Brewer.

Respectfully submitted by Don Bushman-Secretary/Treasurer

Protection from the Elements: The wind, cold, rain, stones, dust, and sand.

Exposure to wind blast can rapidly dehydrate the moisture on your skin, this will cause dehydration.

WIND CHILL

Cold wind blasts can rapidly cool your body temperature and reduce your riding time in between stops. If the outside temperature is 30 degrees Fahrenheit and you're riding at a speed of 50 mph, the wind chill temperature that your body will feel is 12 degrees Fahrenheit.

The National Weather Service implemented a replacement Wind Chill Temperature (WCT) index last year. The new formula uses advances in science, technology, and computer modeling to give everyone a more accurate and useful formula for calculating the dangers from winds. As you see in our new chart (which for now has the old WCT and new WCT calculated) the new calculations are a bit more realistic and eventually will be taken a bit more serious by folks.

Current Temperature in Fahrenheit

	30		40		50	
MPH	OLD	NEW	OLD	NEW	OLD	NEW
30	-2	15	13	28	28	42
40	-5	13	10	27	26	41
50	-7	12	9	26	25	40
60	-7	10	9	25	25	39
70	-6	9	10	24	26	38
80	-4	8	12	23	27	38

Source: National Weather Service

Standardization of the WCT Index among the meteorological world provides an accurate and consistent measure. This in turn will keep everyone safer in extreme conditions. But it doesn't have to get very extreme on a motorcycle to feel very cold. Wind Chill Blasts can rapidly cool your body temperature and reduce your riding time in between stops. If the outside temperature is 50 degrees at 60 mph the wind chill temperature that your body will feel is 39 degrees Fahrenheit.

Even at these temperatures Frostbite times are as low as 30 minutes. Windshields block the wind and in turn greatly help to increase the WCT so you stay warmer.

Back to the Basics— June Wingworld

Maybe you're just getting into motorcycle touring. Or maybe you're just getting back to it after many years absence. Maybe you've been a short distance, around-town rider and now want to ride cross-state or cross-country. Here are some tips on motorcycle touring no matter what you are riding.

"You Go Where You Look"

- When walking or running, your body automatically tends to go where you look.
- On a motorcycle, your head and eye positions prompt physical inputs to the bike's steering.
- Look through a corner to where you want to exit and you'll corner easier.
- Want to turn a sharper U-turn? Turn your head and look over your shoulder.
- Want to stop diving left or right at stop signs? Keep your eyes and head on the horizon as you brake to a complete stop!

This really works. They taught us this in the motorcycle safely course. CB Thanks for the information, Darrel!
