

## *GSSI Service Unit Family Participation Reward*

Girl Scouts of Southern Illinois (GSSI) recognizes the important contribution that families make to the success of the Girl Scout Cookie Program. GSSI realizes that there must be a tremendous amount of family encouragement and support in order for girls to achieve a successful program; especially for those families that have two or more girls selling Girls Scout Cookies.

To recognize the family with two or more girls participating in the cookie program each girl will receive a Family Participation Patch. In addition to the patch, the families that reach a 125 PGA (per girl average), each girl will receive a reward. We are hoping this will encourage the girls to work together. This year the reward will be either the Lanyard/Cow Zipper Pull or the Cow Necklace. Circle the reward each girl would like to receive below.

OR

Please fill out the below entry form and submit to your Service Unit Cookie Manager (SUCM) by March 17. The rewards will be given to the SUCM before the end of May.
