On behalf of the International Society for Stem Cell Research, we are pleased to welcome your participation in the ISSCR 2016 Annual Meeting. This international conference will be held 22-25 June 2015 in San Francisco, CA, USA.

International Society for Stem Cell Research
ISSCR 2016 Annual Meeting
22-25 June 2016
San Francisco, USA

The meeting will take place at the Moscone Center West located at 800 Howard Street San Francisco, CA, USA 94103. Delegates will learn the latest advances in stem cell research and regenerative medicine through lectures, symposia, exhibits, and networking events. The conference will feature over 120 speakers in plenary and concurrent sessions and more than 1,600 posters presented in the exhibition hall.

We look forward to seeing you in San Francisco.

Best regards,

Nancy Witty, Chief Executive Officer

The International Society for Stem Cell Research is an independent, nonprofit organization established to promote and foster the exchange and dissemination of information and ideas relating to stem cells, to encourage the general field of research involving stem cells and to promote professional and public education in all areas of stem cell research and applications.
