

Home Ventilator User's Emergency Preparation Checklist

Reminder to Self: No matter how stable my condition or how well I am doing, a good outcome in an emergency depends upon my taking care of business beforehand.

| Co | mp | leting My Documents | | |
|---|----|---|--|--|
| | 1. | I have completed the Patient's Vital Information for Medical Staff and secured on it the signatures and phone numbers of my primary care physician and pulmonologist. | | |
| | 2. | I have read and I understand Treating Neuromuscular Patients Who Use Home Ventilation: Critical Issues, the IVUN briefing for health professionals. | | |
| | 3. | ave given copies of the above documents to my primary care physician d all other health professionals. | | |
| Conversation with My Caregiver(s) | | | | |
| | 4. | I have reviewed the Patient's Vital Information for Medical Staff with my caregiver(s) and given each a copy. | | |
| | 5. | To facilitate rapid emergency treatment, my caregiver(s) and I have agreed on who will be my main spokesperson in each of several possible emergency scenarios. | | |
| | 6. | My caregiver(s) and I have talked through what we will do and say in the event of a communication breakdown with health professionals. | | |
| Getting Acquainted with Emergency Personnel | | | | |
| | 7. | If my hospital is small, I have introduced myself to the Emergency Department and given them the Patient's Vital Information for Medical Staff and Treating Neuromuscular Patients Who Use Home Ventilation: Critical Issues. If my hospital is large, I have requested that they upload digital copies of these documents into their file on me. | | |
| | 8. | If possible, I have had my home ventilator and, if applicable, CoughAssist® approved in writing by my local hospital for in-hospital use and have attached the documentation to Patient's Vital Information for Medical Staff. | | |
| | 9. | If applicable, my caregiver(s) are prepared to administer the CoughAssist® in the absence of available respiratory or nursing staff. | | |
| | 10 | . I have given a copy of my Patient's Vital Information for Medical Staff to my local fire department to alert them to my condition and unique needs. | | |
| | 11 | . I have given a copy of my Patient's Vital Information for Medical Staff to my local ambulance/paramedic service and, if possible, cleared my equipment with them for use during transport. | | |

| AS | surir | ng Backup Power | | |
|--|-------|---|---|--|
| | 12. | I have a backup power supply in my home or one that is reto me. | eadily available | |
| | 13. | I have a backup ventilator readily available for use in an emergency. | | |
| | 14. | 4. I have a manual resuscitator bag at home and carry one with me when I leave home. | | |
| Do | cum | enting My Wishes | | |
| | 15. | To assure that my wishes are respected I have completed a of Attorney (also called Durable Power of Attorney for Health authorizing another to make medical decisions if I am una does not include a section stating the conditions under wh want to continue medical care, I have also completed a brid (Forms for these two documents may vary by state. Search and/or contact your local library for state-recommended for | n Care) form ble. If this form ich I do/do not ef Living Will. . the Internet | |
| | 16. | I have given the above documents to my physician(s), family and caregiver(s). | | |
| Pa | usin | g to Consider | | |
| | 17. | I am aware that in general the pulmonologists most skilled in treating persons who use home ventilation due to a neurological condition are those who treat diseases of the muscles rather than those (many pulmonologists) who treat diseases of the lungs. (Check IVUN website and/or the nearest MDA and/or ALS clinic for these specialists.) | | |
| | 18. | My caregiver(s) and I are prepared to seek additional expernecessity/timing of a tracheostomy, should that procedure physicians not familiar with noninvasive ventilation. | - | |
| Tra | velir | ng with Important Documents | | |
| | 19. | I have assembled the following and always carry the packer I leave home. Patient's Vital Information for Medical Staff Treating Neuromuscular Patients Who Use Home Ventila Critical Issues Living Will Medical Power of Attorney Insurance Cards | | |
| Ce | lebra | ating Success | | |
| | 20. | I have notified IVUN that I have completed this checklist at recognized on the IVUN website and in its newsletter for th | | |
