

Parent/ Teacher Discussion Guide

Student Name _____

Parents' Names Attending Interview _____

I appreciate very much your comments and suggestions as to how I can better teach your child. Please fill out this form as best you can.

What was your reaction to your child's report card? What was your child's reaction?

Do you have any questions in regards to the reporting of marks for your child?

Which form of communication do you rely on the most? (blog, grade 7 website, hard copies of homework sheet, verbal feedback from your child) Is this form of communication working for you and your family?

Do you feel the amount of homework is (too much, too little, about right)? (Circle one)

Do you have any concerns about your child's social interactions?

Items to Note:

Some students have been asking for more food during the day saying they didn't pack enough lunch or snacks. Please check with your child to see if he/she is one of them. I do have a supply of extra lunch/snack items for emergencies, but these "emergencies" seem to be occurring quite frequently and I can't keep up with the demand.

We go for a walk around Ben Lee every morning for Daily Physical Activity. Please make sure your child is dressed properly for the weather.

Thanks so much!! It is a privilege and honour to be working with you to teach/disciple your child.

Joanne Robideau
