

## Mrs. McPherson's Second Grade Classroom Directory 2015-2016

Dear Parents,

I would like to create a class directory containing my students' phone numbers, addresses, and if possible email addresses. I will not share this information without your permission; therefore, you must fill out the following form if you would like to share your information with your child's class. A directory of phone numbers will help you when you need to contact other parents in the class. For example, you might have a question about homework, need to contact class parents, mail birthday invitations, or arrange play dates.

If you are interested in participating in the directory, please fill in your contact information below, sign the consent statement, and return the form to school. We would love for everyone to participate. However, it is not mandatory. Please know that you are free to only list what information that you feel comfortable with being placed in the directory.

Thank you,

Mrs. McPherson
