**Military Family
Support Centers**

www.milfamily.org

The Mission of the Military Family Support Centers, Inc., is to identify and meet the morale, welfare and recreational needs of military families of service men and women of the Armed Forces of the United States of America. The MFSC makes a concerted effort in times of peace, mobilization, deployment in war, national security or disaster relief operations, and individual service members while deployed or upon returning home as Wounded Warrior participants on a protracted broader basis. Proceeds to benefit families of men and women serving in the military. The Military Family Support Center, Inc., (MFSC) is a private, non-profit charitable organization dedicated to providing support/services to military personnel and their families not serviced by a military installation. The MFSC was incorporated in 2005 to fulfill the needs of military families who have loved ones serving overseas. Many military families live outside and away from a fort, base, or camp and do not have access to essential materials needed for the everyday functioning of family life. The MFSC was formed to provide a way for the local community to say "Thank You" to their neighbors for sacrifices they are making for their country, by helping to meet the needs of these military families.
