

Mathematics Teacher Recommendation

is a candidate for admission to Hamden Hall Country Day School. In order to assess accurately this student's chances for success at our school, we would be grateful if you would complete both sides of this recommendation form and return it to the Admissions Office. Your honest appraisal is helpful to the Admissions Committee and will remain strictly confidential. We are aware how much time references of this sort require and thank you in advance for your efforts. 1. What words or phrases come to mind when describing the applicant's personal qualities, special strengths and weaknesses? 2. Please tell us what you can about the applicant's academic performance in relation to ability. 3. We find that most successful Hamden Hall students, irrespective of ability, are those who are determined to succeed and who are not easily discouraged. How do you rate this candidate in this regard? 4. We welcome any further comments you wish to make. Does the applicant possess any unusual talents or interests? 5. Please note the title and author of the text the applicant is currently using and the topics or chapters covered in this text during the year. 6. If this student were to remain in your school next year, please indicate the course level in which he/she would be placed next fall.

In relation to other students in the appli	cant's age group, please r	ate the candidate by	checking the appro	priate boxes:
