

Win a VEX IQ Super Kit

Support Whitlow's VEX Robotics Team by purchasing tickets. 100% of money raised will help our VEX teams this season. Teams compete every month against other VEX IQ teams across the state. We will be competing at the state level in March and hope to compete at World's in April. **We appreciate your support!**

\$5.00 per ticket

Winner will be drawn on the morning announcements – November 14th
Whitlow's VEX IQ team will be demonstrating during STEM Night in the gym. Join Us!

What is a VEX IQ Super Kit:

The Super Kit is an all-encompassing introduction to STEM and robotics. Students can use the familiar handheld Controller to drive robots right out of the box or program them to run autonomously using the additional Smart Sensors. While the included Clawbot IQ instructions help students easily build their first robot, the intuitive snap-together parts mean the sky is the limit for their VEX IQ creations. <http://www.vexrobotics.com/vexiq>

- Over 850 Structural & Motion Components
- 4 Smart Motors, 7 Sensors, Robot Brain, Controller & Batteries Included
- Storage Bin & Tray included for organized storage of all parts

\$300 value

VEX IQ Super Kits are used at STEM Camp, After School Clubs and in all 4th/5th grade math and science classes at Whitlow.
