THAT the Minutes of Meeting #9/15, held on September 9, 2015, be approved.

CARRIED

Section I – Items for Authority Action

RES.#B116/15 -

GREENLANDS ACQUISITION PROJECT FOR 2011-2015

Flood Plain and Conservation Component, Don River Watershed
Joseph & Wolf Lebovic Jewish Community Campus, CFN 41509.
Acquisition of property located west of Bathurst Street and north of Rutherford Road, in the City of Vaughan, Regional Municipality of York, under the "Greenlands Acquisition Project for 2011-2015", Flood Plain and Conservation Component, Don River watershed.

Moved by: Ron Moeser
Seconded by: David Barrow

THE EXECUTIVE COMMITTEE RECOMMENDS THAT 1.96 hectares (4.83 acres), more or less, of vacant land located west of Bathurst Street and north of Rutherford Road, in the City of Vaughan, Regional Municipality of York, said land being Part of Lot 17, Concession 2 and designated as Parts 2, 3, 4, 5, 6, 8, 9 and 12 on Plan 65R-35616, be purchased from the Joseph & Wolf Lebovic Jewish Community Campus;

THAT the purchase price be \$2.00;

THAT Toronto and Region Conservation Authority (TRCA) receive conveyance of the lands free from encumbrance, subject to existing service easements and existing lease;

THAT the firm of Gardiner Roberts LLP, be instructed to complete the transaction at the earliest possible date. All reasonable expenses incurred incidental to the closing for land transfer tax, legal costs, and disbursements are to be paid;

AND FURTHER THAT authorized TRCA officials be directed to take the necessary action to finalize the transaction including obtaining any necessary approvals and signing and execution of documents.

CARRIED

BACKGROUND

Resolution #A94/10 at Authority Meeting #5/10, held on June 25, 2010, approved the Greenlands Acquisition Project for 2011-2015.

Negotiations have been conducted with Mr. David M. Sadowski of the UJA Federation of Greater Toronto, on behalf of the Joseph & Wolf Lebovic Jewish Community Campus.

Currently, a lease exists between the Joseph & Wolf Lebovic Jewish Community Campus ("Lebovic JCC" as landlord) and Shoresh Jewish Environmental Programs ("Shoresh" as tenant) over the lands to be conveyed to TRCA.

TRCA will be assuming the existing lease. The basic provisions of the lease are as follows:

- commencement date of the lease is the 1st day of July, 2013;
- basic rent is \$18.00 per annum;
- the term is 10 years; and
- one renewal term of 10 years less one day at the sole option of Shoresh.

TRCA has issued two permits for the subject property. In 2012, TRCA Permit No. C-120232 was approved for site grading to construct a pedestrian crossing, footpath and a wooden deck platform within the valley corridor. In 2013, Permit No. C-130112 was approved for site grading to construct a storage shed, raised planter gardens and a footpath trail system within the eastern buffer of the valley corridor.

Direct access to the subject lands will be achieved from Lebovic Campus Drive and through adjoining TRCA lands to the south.

Attached is a plan showing the location of the subject lands.

RATIONALE

The subject lands fall within TRCA's approved master plan for acquisition for the Don River watershed as outlined in the approved Greenlands Acquisition Project for 2011-2015. Through the review of Site Plan Control Applications DA.03.042 and DA.07.018 for development of the Lebovic JCC, TRCA staff established the limits of the open space lands (i.e. Parts 2, 3, 4, 5, 6, 8, 9 and 12 on Plan 65R-35616) which are located within the valley corridor of the East Don River at this location.

TAXES AND MAINTENANCE

Shoresh will be responsible for payment of realty taxes, insurance and maintenance repairs of the existing improvements during the term of the lease. Shoresh will also be responsible for maintenance of the leased lands.

FINANCIAL DETAILS

Funds for the costs related to this purchase are available in the TRCA land acquisition capital account.

RES.#B117/15 -

GREENLANDS ACQUISITION PROJECT FOR 2011-2015

Flood Plain and Conservation Component, Carruthers Creek Watershed
Kinsale Properties Ltd., CFN 54648. Acquisition of a conservation
easement located north of Highway 7 and east of Balsam Road (3160
Highway 7), in the City of Pickering, Regional Municipality of Durham,
under the "Greenlands Acquisition Project for 2011-2015", Flood Plain and
Conservation Component, Carruthers Creek watershed.

Moved by: Ron Moeser
Seconded by: David Barrow

THE EXECUTIVE COMMITTEE RECOMMENDS THAT a conservation easement for the protection of the environmental features and functions of an irregular shaped parcel of land containing 1.89 hectares (4.68 acres), more or less, being Part of Lot 4, Concession 6 and designated as Parts 2 to 12, inclusive, on a Draft Plan of Survey prepared by Ivan B. Wallace, Ontario Land Surveyor Ltd., under their Drawing No. 5-11189, dated September 23, 2015, City of Pickering, Regional Municipality of Durham, located north of Highway 7 and east of Balsam Road be purchased from Kinsale Properties Ltd.;

THAT the purchase price be \$2.00;

THAT Toronto and Region Conservation Authority (TRCA) acquire the conservation easement free from encumbrance, subject to existing service easements;

THAT the firm Gardiner Roberts LLP, Barristers & Solicitors, be instructed to complete the transaction at the earliest possible date. All reasonable expenses incurred incidental to the closing for land transfer tax, legal costs, and disbursements are to be paid;

AND FURTHER THAT the authorized TRCA officials be directed to take the necessary action to finalize the transaction including obtaining any necessary approvals and execution of documentation.

CARRIED

BACKGROUND

Resolution #A94/10 at Authority Meeting #5/10, held on June 25, 2010, approved the Greenlands Acquisition Project for 2011-2015.

Negotiations have been conducted with Mr. Jason Miller of Miller Golf Design, who acts as agent on behalf of the owner.

Attached is a plan showing the location of the subject lands.

RATIONALE

The subject property falls within TRCA's approved master plan for acquisition for the Carruthers Creek watershed as outlined in the approved Greenlands Acquisition Project for 2011-2015. Through the review of Official Plan Zoning By-law Amendment Applications to facilitate the construction of a 12-hole golf course, TRCA staff established the limits of the conservation easement lands (i.e. Parts 2 to 12, inclusive, on Draft Plan of Survey) which are comprised of the stream corridor of the Carruthers Creek at this location.

Staff is proposing to take a conservation easement over the subject property as opposed to outright acquiring the open space land to address municipal planning staff's concerns that an outright acquisition of the stream corridor will result in severing the property and create an additional lot for potential development. This would be contrary to the Official Plan and Zoning By-law.

Access to the subject lands will be achieved directly from Highway 7 and through the golf course.

TAXES AND MAINTENANCE

The lands subject to the conservation easement will continue to be in private ownership. As such, the owner will be responsible for taxes and maintenance.

FINANCIAL DETAILS

Funds for the costs related to this purchase are available in the TRCA land acquisition capital account.

Section II – Items for Executive Action

RES.#B118/15 - TORONTO ISLANDS – HANLAN’S POINT BOARDWALK IMPROVEMENTS, CITY OF TORONTO

Award of Contract #10000685. Award of Contract #10000685 for the implementation of landscape and pedestrian access improvements at Hanlan’s Point Beach on Toronto Islands, City of Toronto.

Moved by: Ron Moeser
Seconded by: David Barrow

THAT Contract #10000685 for supply of all labour, materials and equipment necessary for construction of Hanlan’s Point Boardwalk Improvements, Toronto Islands, in the City of Toronto be awarded to CSL Group Ltd, at a total cost not to exceed \$134,980.00, plus HST, as they are the lowest bidder that best meets Toronto and Region Conservation Authority (TRCA) specifications;

THAT TRCA staff be authorized to approve additional expenditures to a maximum of 10% of the contract cost as a contingency allowance if deemed necessary;

THAT should staff be unable to execute an acceptable contract with the awarded contractors, staff be authorized to enter into and conclude contract negotiations with the other contractors that submitted tenders, beginning with the next lowest bidder meeting TRCA specifications;

AND FURTHER THAT authorized TRCA officials be directed to take any action necessary to implement the agreement including obtaining any required approvals and the signing and execution of documents.

CARRIED

BACKGROUND

Constructed approximately 10 years ago, the existing at-grade boardwalk at Hanlan’s Point was installed to provide park users with beach access while protecting the environmentally sensitive dune formations from trampling and indiscriminate access. Since that time, ongoing maintenance of the boardwalk has become more onerous due to continual sand deposition and accumulation that blocks and buries the access. City of Toronto staff engaged with TRCA to seek an environmentally appropriate solution to mitigate the ongoing maintenance issues, while addressing improved accessibility for beach users in accordance with *Accessibility for Ontarians with Disabilities Act* (AODA) requirements.

RATIONALE

This project is aligned with leadership strategy number three in TRCA’s new strategic plan. Through thoughtful planning and action this project will contribute to healthy and resilient landscapes through the construction of green infrastructure.

Tender #10000685 was publicly advertised on the electronic procurement website *Biddingo* (<http://www.biddingo.com/>) on Wednesday, September 9th, 2015. Tender documents were viewed and/or taken by 32 contractors.

A mandatory site inspection and tender briefing meeting was held on Tuesday, September 15th, 2015, with seven prospective contractors in attendance as follows:

- CSL Group Ltd;
- Ferdom Construction;
- Greco Construction;
- Joe Pace and Sons Contracting Inc.
- McPherson-Andrews Contracting Ltd.;
- Pine Valley Corporation;
- Ultimate Construction Inc.

Four sealed tender bids were received by the tender closing time of 12:00 Noon at TRCA 's Head Office location at 101 Exchange Avenue on September 24th, 2015.

The Procurement Opening Committee opened the Tenders on September 24th, 2015 at 1:00pm with the following results:

**Tender #10000685
Toronto Islands – Hanlan’s Point Boardwalk Improvements**

BIDDERS	TOTAL TENDER AMOUNT (Plus HST)
CSL Group Ltd;	\$ 134,980.00
Ferdom Construction	\$ 357,530.00
Joe Pace and Sons Contracting Inc.	\$ 189,700.00
Ultimate Construction Inc.	\$ 262,360.00

Restoration Services staff reviewed the bid received from CSL Group Ltd. against its own cost estimate and has determined that the bid is of reasonable value and also meets the requirements as outlined in the contract documents. Further assessment by TRCA staff of CSL Group Ltd’s experience and ability to undertake similar projects was conducted through reference checks which resulted in positive feedback that CSL Group Ltd is capable of undertaking the scope of work.

Based on the bids received, staff recommend that CSL Group Ltd. be awarded Contract #10000685 for the supply of all labour, materials and equipment necessary for the construction of boardwalk improvements at Hanlan’s Point Beach, City of Toronto, for a total amount of \$134,980.00, to be expended as authorized by TRCA staff, plus a 10% contingency, plus HST, it being the lowest bid that meets TRCA specifications.

The 10% contingency allowance is to cover any additional construction costs based on approved changes necessitated by unforeseen site conditions or changes to the approved scope of work.

The City of Toronto’s Fair Wage Office has confirmed that CSL Group Ltd. is in compliance with the City’s requirements in this regard and has no objection to the recommendation to award accordingly.

FINANCIAL DETAILS

All project expenditures and fees are 100% recoverable from City of Toronto 2015 capital funds. Eligible project expenditures will be assigned to project account 117-65.

Section III – Items for the Information of the Board

RES.#B119/15 - COST CENTRE ACCOUNTING

Implementation of Cost Centre Accounting. Staff was asked to review the feasibility of implementing a cost centre accounting approach at Toronto and Region Conservation Authority.

Moved by: Mike Mattos

Seconded by: Jennifer Innis

THAT item 9.1 - Cost Centre Accounting be deferred to Executive Committee Meeting #11/15, scheduled to be held on November 13, 2015.

CARRIED

Section IV – Ontario Regulation 166/06, As Amended

RES.#B120/15 - APPLICATIONS FOR PERMITS PURSUANT TO ONTARIO REGULATION 166/06, AS AMENDED

Development, Interference with Wetlands and Alterations to Shorelines and Watercourses. Pursuant to Ontario Regulation 166/06, as amended, written permission from the Authority is required for:

- a) straightening, changing, diverting or interfering in any way with the existing channel of a river, creek, stream or watercourse, or for changing or interfering in any way with a wetland;
- b) development, if in the opinion of the authority, the control of flooding, erosion, dynamic beaches or pollution or the conservation of land may be affected by the development.

A permit may be refused through a Hearing Process, if in the opinion of the Authority, the control of flooding, erosion, dynamic beaches, pollution or the conservation of land is affected.

Moved by: Chris Fonseca
Seconded by: Mike Mattos

THAT permits be granted in accordance with Ontario Regulation 166/06, as amended for the applications (10.1 – 10.4, and 10.11 – 10.14) which are listed below.

CARRIED

RES.#B121/15 - APPLICATIONS FOR PERMITS PURSUANT TO ONTARIO REGULATION 166/06, AS AMENDED

Moved by: Glenn De Baeremaeker
Seconded by: Ron Moeser

THAT an amended permit be granted in accordance with Ontario Regulation 166/06, as amended for application 10.10 – 220 Greyabbey Trail which is listed below.

CARRIED

PERMIT APPLICATION 10.1 - 10.4 ARE MAJOR APPLICATIONS - REGULAR

Applications that involved a more complex suite of technical studies to demonstrate consistency with policies; applications that cover a significant geographic area (e.g. subdivisions, stormwater management ponds), extensive modifications to the landscape, major infrastructure projects, emergency works, resolution of violations/after the fact permits, trail construction
--

CITY OF TORONTO [NORTH YORK COMMUNITY COUNCIL AREA]

10.1 24 BENNINGTON HEIGHTS DRIVE

To construct, reconstruct, erect or place a building or structure, site grade and temporarily or permanently place, dump or remove any material, originating on the site or elsewhere on Lot 11, 12, Plan M-363, (24 Bennington Heights Drive), in the City of Toronto (North York Community Council Area), Don River Watershed. The purpose is to undertake works within a TRCA Regulated Area of the Don River Watershed in order to facilitate slope failure remediation, construction of a side access, replacement of an overhanging deck in the rear and undertaking backyard landscaping at 24 Bennington Heights Drive. The slope remediation involves the construction of a tiered retaining wall and plantation of native species. The Stormwater Management measures to prevent further slope erosion is also part of this project..
