Spring 2012 Newsletter: Trustee Spitzzeri requested that information on the Heartland Blood Drive be included in the newsletter.

NEW BUSINESS: Rebecca Busch, President of Medical Business Associates, presented an overview of the services that her company provides regarding healthcare expenditures. MBA delivers the FACTs (Fraud, Auditing, Consulting, and Training services) to clients to increase revenue, decrease costs and manage risk. The company draws on over twenty years of collective experience of professionals with clinical, audit and financial expertise to come up with solutions to effectively control healthcare benefit spending. They review medical contracts looking for mistakes in over-payments to providers.

Signage Approval: Supervisor Vician noted that new signs have been placed around the Riverwalk to direct folks to various public buildings, including Naperville Township. There is a nice sign located just across the wooden foot bridge over the DuPage River. He suggested that the Township look in to an electric sign, similar to the one at the high school, which would inform residents about upcoming Township events, and be supported by advertising dollars. Discussion followed. Trustee Wentz suggested that the wooden Naperville Township letters currently located on the outside of the building be replaced with an updated, more visible version.

Highway Commissioner Wojtasiak noted that the Freedom Of Information Act (F.O.I.A.) training and certification is currently available online through Lisa Madigan's office in Springfield. Such certification is required by law for ALL elected officials.

REPORTS:

ASSESSOR DIXON Report: None

HIGHWAY COMMISSIONER WOJTASIAK Report: The new 2012 Ford F450 truck is in. On February 3 we held a bid opening to sell the 2002 Chevrolet Dump 3500 truck, which was originally purchased for \$40,000. The winning bid was awarded to Jim Bertellotti, owner of a lawn care company, for \$12,500. The new Ford F450 cost \$75,000, and the price increase is due to government mandated pollution controls. The dealer only offered \$7,500 for the trade-in of the 2002 Chevrolet.

The new dome is full of salt due to the lack of snow this winter. Everyone is remarking about how much money we are saving by not having to salt the roads. The way the salt contracts are written, we have to purchase our contracted amounts whether we use it or not. If good weather persists, the savings will be realized next winter. In the mean time, the road crew is getting a head start on tree trimming because come spring we will be taking down many dead or diseased ash trees. We will begin our second year of pesticide treatments on selected ash trees when the trees leaf out. 2012

could be the year of exponential die-off.
