

DEVELOPERS PRE-PLANNING GUIDANCE

January 20, 2015

Date

The East Cocalico Township and East Cocalico Township Authority encourages pre-planning sessions and planning sessions during land planning processing assisting developers and consultants with understanding the Township and the Authority procedures.

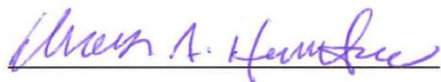

It is our belief that the developer and consultant will spend less time and money if they avail themselves of ready information as a guide to navigate the land planning process for approval from our agencies.

The information needed from the developer or consultant to schedule a pre-planning session is attached.

The developer and property owner are required to pay the hourly rate of the personnel, including engineers, attorneys, superintendent, etc. who attend any planning sessions.

Generally, it is beneficial for both Township and Authority staff to attend the pre-planning sessions if the development will connect to public water and sanitary sewer.

Routinely, the ECT Land Planning Engineer, Zoning Officer, Manager and Planning Commission Chairman (or representative) attends. If transportation issues and impacts are known, the ECT Transportation Engineer attends. If the development will connect to public water and sanitary sewer, then the Authority Administrator, Engineer, and Superintendent may attend. Most of the planning sessions are approximately 1 to 1.5 hours in length.

Mark A. Hiester
Township Manager

Terry W. Reber
Authority Administrator

For office use only:

ADMINISTRATIVE NOTE: Copy the returned packet to the Township and Authority.

REQUEST FOR PRE-PLANNING MEETING WITH PROFESSIONAL STAFF AND EMPLOYEES

Anyone requesting a land planning pre-planning meeting or a plan review session with Township and Authority Personnel shall provide to the Township/Authority the following information one week prior to the scheduled meeting:
