APPLICATION FOR ZONING VARIANCE - INSTRUCTIONS TO APPLICANT

1. Applicant must complete attached Application for Zoning Variance form. All blanks shall be filled in and those not applicable should be noted as N/A.
2. Applicant must submit a list of names and mailing addresses of owners of all property within a distance of two hundred (200) feet of the boundaries of the property described in the application. This list must be obtained from the Mitchell County Appraisers Office. The appraiser's office will need 48 to 72 hours advanced notice and there is a small fee for this list. While at the appraiser's office, ask for the "deed book and page number" of your property. This will be helpful in the next step.
3. Applicant must provide a copy of the property deed which is proof of ownership of the property. Tell the person in the Register of Deeds office the deed book and paged number of your property for quick reference. You may purchase a copy of your property deed from the Mitchell County Register of Deeds office for 20 cents a page. This deed will legally describe the property which is necessary on the application.
4. The applicant must submit a written statement justifying the variance requested outlining in detail the manner in which it is believed that this application will satisfy each of the nine conditions as set out by the city's Zoning Regulation. The applicant's statement shall contain compelling arguments pertaining to each of the conditions.
5. The applicant must submit a description of the work to be done and a drawing, drawn to scale showing the lot or lots included in the application, the structures existing thereon, and the structures contemplated necessitating the variance requested. All appropriate dimensions should be included and any other information which would be helpful to the Planning Commission in consideration of the application.
6. In many cases, a property survey will be required when the construction project encroaches into the zoning setbacks. This survey must be completed by a professional engineer or certified land surveyor. Check with the Zoning Officer before proceeding to see if this will be a requirement for your project.
7. The application, the list of names, the deed, the statement, the description of work, the drawing and the fee of \$50.00 shall be submitted to the City Clerk's Office before the hearing by the planning commission will be scheduled.
8. Once the application is complete and turned in to the Zoning staff with the City of Beloit, a report will be prepared and a public hearing will be scheduled and announced in the city newspaper (Beloit Call). A minimum of 20 days from the date of publication is required before the hearing can be held.
