Dear Parent or Guardian:

Each year, every school district in New Hampshire is required to report student data by race and ethnicity categories set by the federal government to the New Hampshire Department of Education (NHDOE). Though the NHDOE does not report individual student data to the federal government, the total number of students in various categories of each school is reported.

The federal government adjusted the student data reporting categories. All schools in New Hampshire will report student data to the NHDOE using the categories below.

Please indicate your child's status by completing the form below. If we do not receive a response from you, an employee of the district will be required to provide this information based on observation. (Note that federal regulations no longer permit districts to use a "not reported" code.)
