HIGH QUALITY CONTENT

Healthed strives to maintain the highest possible standard of educational quality throughout its seminar programs. All our speakers are clearly instructed to present information that is authoritative, independent, scientifically accurate and of practical relevance.

In our constant search for high quality educational content we take input from GPs, specialists, researchers, medical educators, industry and many other sources. Their ideas are scrutinised carefully before being introduced into the educational program.

As a result, in 2015 more than 6,000 GPs attended our seminars and many more used the audio and video recordings derived from them.
