Participants of the 22nd meeting of the Coordination Board on Professional Training
for Personnel of the Central (National) Banks of EAEU Member States
25-26 August 2015, Minsk

Dear colleagues,

In 2004 the National Bank of the Republic of Belarus, the National Bank of the Republic of Kazakhstan, the National Bank of the Kyrgyz Republic, the Central Bank of the Russian Federation, the National Bank of Tajikistan and the Central Bank of the Republic of Armenia signed the Agreement on Cooperation in Personnel Training.

Over the last years significant work has been done aimed at preparation and realisation of joint training programmes. More than 6,000 of central (national) banks employees had the chance to enhance their professional qualification and apply the received knowledge in professional activity.

Seminars and traineeships were highly rated by the participants. Meetings with colleagues, discussion of vital banking issues, debates between practitioners allowed to integrate international best practices. Development of professional contacts, as well as strengthening multilateral relations between central (national) banks were essential part of the training.

Currently all the necessary measures are taken to successfully develop cooperation in the field of personnel training.

In 2016 it is planned to organise more than 50 training events for executives and experts of central (national) banks of EAEU Member States, CIS and foreign countries.

During seminars, traineeships and «round tables» included in the annual training programme, a wide range of issues will be discussed, such as financial stability, monetary policy implementation, payment systems oversight, risk management, cash circulation, AML/CFT and foreign exchange control, financial statements compilation etc.

Training events will be conducted by executives and leading experts of structural units of central (national) banks, experts of European and international financial organisations, representatives of other companies with huge practical experience.

We hope that cooperation in the field of bank personnel professional training will continue in the future and joint efforts in this sphere will contribute to the further mutual understanding and efficient interaction.

We wish you fruitful work!

*Coordination Board
on Professional Training for Personnel
of the Central (National) Banks of EAEU Member State*

CCC reporting and procedure for its presentation. CCC compliance with financial ratios

Procedure for CCC inspections. CCC activity off-site supervision. The Bank of Russia actions in case of detecting CCC legislation violations. Specifics of CCC bankruptcy

Specifics of agricultural consumer credit cooperatives activity. Procedure for calculation of consumer loans market average overall value

Analytical support of monetary policy decision-making

20-24 June 2016

Purpose: To exchange experience and enhance professional knowledge in the field of monetary policy strategy, macroeconomic analysis, central banks modelling and forecasting in terms of monetary policy development.
To engage a wide range of experts in discussion of current issues in the field of macroeconomic analysis and forecasting faced by analytical structural units of emerging markets central banks

Category of trainees: Executives and experts from central banks analytical structural units with experience in developing monetary policy strategy, modelling and forecasting for the purpose of monetary policy decision-making support or experience in organising such activity in a central bank

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 5 days
20-24 June 2016

Deadline for application: 21 March 2016

Venue: Interregional Training Centre of the Bank of Russia (Tula)

Key issues:

Current issues of developing monetary policy strategy

Forecasting and policy analysis system for monetary policy decision-making support

Models for monetary policy transmission mechanism analysis and short-term forecasting: challenges and prospects of their application in the context of growth of uncertainty and structural shifts

Integration of different models calculations and judgments in development of mid-term macroeconomic forecast

Central banks communication strategy in monetary policy implementation

Compiling annual financial statements in compliance with IFRS

28-30 June 2016

Purpose: To exchange experience of central (national) banks of EAEU Member States in the field of compiling annual financial statements in compliance with IFRS

Category of trainees: Executives and experts from Head office and regional branches of the central (national) banks of EAEU Member States and foreign central banks

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 3 days
28-30 June 2016

Deadline for application: 28 April 2016

Venue: National Bank of the Kyrgyz Republic, Training and Healthcare Centre “Tolkun”

Key issues:

National Bank of the Kyrgyz Republic practice of compiling annual financial statements in compliance with IFRS:

- main principles of compiling financial statements
- main provisions of accounting policy

Procedure for disclosure of information on risk management in compiling annual financial statements:

- risk management policy
- disclosure of information on risks in compiling financial statements

Practice of compiling financial statements in central (national) banks of EAEU Member States

Risk-based supervision

28-30 June 2016

Purpose: To exchange experience of central (national) banks in the field of risk-based supervision of financial institutions

Category of trainees: Executives and experts from structural units of the central (national) banks of EAEU Member States and foreign central banks

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 3 days
28-30 June 2016

Deadline for application: 15 May 2016

Venue: Training and Research Centre of the Central Bank of the Republic of Armenia (Dilijan)

Key issues:

Review of the Bank of Russia regulations in the field of risk-based supervision of financial institutions. Main principles and approaches to risk-based supervision

Methods of assessment and analysis of financial institutions risks (credit, interest rate, currency, liquidity, operational and other risks)

Supervisory measures regarding law violation by credit organisations and high risk areas identification

Innovations in the field of financial market self-regulation in the Russian Federation

5 July 2016

Purpose: To study a wide range of issues related to reformation of self-regulatory organisations in the Russian Federation

Category of trainees: Executives and experts from structural units of the central (national) banks of EAEU Member States and foreign central banks

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 1 day
5 July 2016

Deadline for application: 4 April 2016

Venue: Interregional Training Centre of the Bank of Russia (Tula)

Key issues:

Main aspects of reformation of self-regulatory organisations in the field of financial market

Self-regulatory organisations standards in the field of financial market

Increasing the role of self-regulation in regulatory and supervisory process in financial market

Clarification of transitional provisions aimed at self-regulatory organisations (before enactment of the Federal Law)

Providing IT services: best practices in the field of central bank process approach

16-18 August 2016

Purpose: To discuss issues related to providing IT services and use of process approach in central (national) banks

Category of trainees: Executives and experts from structural units of the central (national) banks of EAEU Member States and foreign central banks

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 3 days
16-18 August 2016

Deadline for application: 16 May 2016

Venue: Interregional Training Centre of the Bank of Russia (Tula)

Key issues:

Need for unification and centralisation of data processing means, IT support and operation functions

Functional management of IT regional branches by the Head office

Use of process approach in providing IT services:

- developing services catalogue
- defining list of critical IT services
- users inquiries management (maintenance inquiries and incidents management)
- problem management
- change management

User support service

Means of ITSM processes automation

Currency units examination and prevention of counterfeiting

6-8 September 2016

Purpose: To discuss issues of organising and conducting currency units examination, to exchange experience of central (national) banks in the field of prevention of counterfeiting

Category of trainees: Executives and experts from structural units of the central (national) banks of EAEU Member States and foreign central banks

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 3 days
6-8 September 2016

Deadline for application: 6 June 2016

Venue: Interregional Depository (St. Petersburg) of the Bank of Russia
Central Depository

Key issues:

Banknotes security features

Modern technical means for currency units examination

Methods of combatting counterfeiting. Interaction with law enforcement

Defining banknotes fitness criteria

Methods of optimisation of fit and unfit banknotes sorting processes in banknotes processing systems

Central (national) banks cash handlers training and professional development

Conducting information campaigns on introducing new banknotes and coins. Methods of informing public on banknotes authenticity features

Role of central (national) banks in developing budgetary policy, servicing government accounts and management of budgetary system funds

6-8 September 2016

Purpose: To study experience of central (national) banks in the field of developing budgetary policy, servicing government accounts and management of budgetary system funds

Category of trainees: Executives and experts from structural units of the central (national) banks of EAEU Member States and foreign central banks

Format: A “round table” with participants’ reports and presentations on the seminar topic

Duration: 3 days
6-8 September 2016

Deadline for application: 6 June 2016

Venue: Interregional Training Centre of the Bank of Russia (Tula)

Key issues:

Main directions of current budgetary policy. Role of central banks in developing budgetary policy. Interaction between budgetary and monetary policy

Role of a central bank in executing government payments. Procedure for executing government payments via central (national) banks payment system using modern electronic instruments

Single government account: current situation and directions of improvement. Interaction between the central bank and the Treasury

Cash and settlement servicing of budgetary system accounts by central (national) banks structural units and credit organisations

Forecasting cash execution of the budget. Management of free funds of budgetary system

Impact of budgetary accounts funds on credit organisations liquidity. Evaluation of demand and supply of budgetary accounts funds liquidity

Development of Islamic financing

6-8 September 2016

Purpose: To study the Republic of Kazakhstan experience in implementing “Islamic banking”

Category of trainees: Executives and experts from structural units of the central (national) banks of EAEU Member States and foreign central banks

Training Centres

Information

The Interregional Training Centre of the Bank of Russia (Tula)

The Interregional Training Centre
The Bank of Russia (Tula)

Conference hall

The Interregional Training Centre was established in 1996 to enhance qualifications of the Bank of Russia personnel in important banking areas.

Under the multilateral personnel training cooperation agreement, the Centre organises international training events involving representatives of central (national) banks of the Eurasian Economic Union, CIS countries, experts of foreign banks and international financial organisations.

To hold seminars, round tables, practical trainings and meetings, the Training Centre offers a conference hall (for 178 participants), a smaller conference hall (for 40 participants), a meeting hall (for 30 participants), a classroom for smaller groups (for 10 participants), a computer classroom (for 20 participants) and a hall for trainings, practical and creative tasks (for 25 participants). All rooms are equipped with advanced technical equipment.

Technical capabilities of the Centre allow to hold video conferences and webinars, to provide simultaneous interpretation from foreign languages and to record a video of training events. For convenience of presentations, trainings and group work, the meeting room and the computer classroom are

equipped with Smart Board and Active Board interactive facilities.

Reference information fund of the Training Centre offers a wide range of literature on banking and related industries. Users have access to information resources of the Intranet, Internet, and reference legal systems.

Guests will have access to a catering facility, a first-aid post and a comfortable hotel for 64 guests. Each room is equipped with a personal computer with a DVD-ROM and a USB port for preparation for training sessions. The hotel also offers a bar, a game room (billiards) and a sports and recreation facility that comprises a Finnish sauna, a Turkish sauna, a swimming pool and a gym.

Seminar participants will be offered an exciting and diverse cultural programme.

Guests transfer from Moscow to Tula by the bus of the Training Centre is organised on the day preceding the start of the seminar. The bus departs from the building of the Bank of Russia in Moscow located at: Leninskiy pr. 1/2, Oktyabrskaya Metro Station (bus driver's mobile phone: +7 910 700-80-99).

Guests transfer from Tula to Moscow is organised on the following day after the end of the seminar. Return tickets should be bought with departure from Moscow after 01:00 p.m.

The Personnel Training Centre of the Bank of Russia

The Personnel Training Centre of the Bank of Russia

The hall of the Training and Accommodation Building

The Personnel Training Centre of the Bank of Russia is the principal training institution in the Bank of Russia system for professional development. The Centre provides training for executives and employees of the central office and regional branches of the Bank of Russia, including training events with participation of foreign central banks and international organisations representatives.

Training events involve participation of experts from relevant structural units of the Bank of Russia Head Office, highly-qualified lecturers from leading universities of Moscow, as well as representatives of ministries, authorities, commercial banks and other organisations.

The Personnel Training Centre of the Bank of Russia possesses advanced resource and technical base. The Centre consists of two training facilities. One of them is located in the town of Pushkino in the Moscow Region, and the other is located in the building of the Bank of Russia in Moscow at Leninskiy avenue, 1/2.

The classrooms of the Centre are fitted with various equipment, including simultaneous interpretation booths. All workplaces in computer classrooms are connected to the corporate network of the Bank of Russia.

The Personnel Training Centre offers its trainees a reference information office that keeps specialised literature on key banking areas as well as print-outs from past workshops and training prepared and published by the Centre over its existence.

Participants of trainings run by the Personnel Training Centre of the Bank of Russia in Pushkino, Moscow Region, will be accommodated in its two training and accommodation buildings that offer 46 rooms with all necessary facilities, designed to host 50 guests at a time. Usually participants of professional development courses held in the Centre classrooms in Moscow are accommodated in the hotel of the Bank of Russia in Moscow at Altufyevskiy highway, 4 (Vladykino Metro Station, near the Voskhod Hotel).

Training Centre of the National Bank of the Republic of Belarus (Raubichi)

Training centre of the National Bank of the Republic of Belarus (village of Raubichi)

Lecture room

The Training Centre was established on 1 April 1997 as a structural unit of the National Bank of the Republic of Belarus for the purpose of organising and carrying out training events for executives and experts of the Republic of Belarus banking system in key banking areas and in the field of information technologies.

Training events conducted at the Centre:

- short-term topical seminars on different banking activities;
- international seminars in the framework of the Programmes of professional training for personnel of the central (national) banks of EAEU and CIS Member States;
- computer courses;
- third parties corporate seminars;

Programmes involve participation of highly qualified experts of the National bank, banks, ministries and other organisations of the Republic of Belarus, foreign banks representatives and professional lecturers-practitioners.

The Training Centre has two facilities which include: two lecture rooms (for 30 to 60 persons each), big conference

hall for 86 persons, meeting room for 20 persons, computer classroom. All of them are equipped with all the necessary technological means.

Classrooms are equipped with multimedia boards, computer and video systems, air conditioners.

Reference information fund offers to the training events participants more than 2,000 items including books and periodical publications on finance, banking, cash circulation and securities, investments and management, economic theory, law etc. The fund has a full-text database of legal information («ConsultantPlus») and Internet.

The Centre offers a sports complex of modern European standards where participants can play tennis, football, volleyball, basketball, etc.; participants also have access to gym, billiards, rental centre, Russian and Finnish sauna.

There is a comfortable dining hall for 100 persons at the administrative building of the Centre; there is also a banquet hall for 20 persons, cafe and snack-bar.

Training Centre of the Central Bank of the Republic of Armenia (Tsakhkadzor)

Training Centre of the Central Bank of the Republic of Armenia (Tsakhkadzor)

Conference hall

The Training Centre is a structural unit of the Central Bank of the Republic of Armenia.

The key objective of the Centre is to provide professional development opportunities for bankers of the Republic of Armenia in the form of short-term seminars that are being conducted since 2001. Over 1,000 executive officers and employees of different banks have been trained in the Training Centre since then. The Training Centre is also used to hold high-level conferences.

The Training Centre offers a conference hall for 100 guests for organisation of conferences, seminars and other training events. The hall is a convenient place for group work and for «round table» discussions.

The Centre offers a hotel to accommodate its guests. The hotel rooms are equipped with everything one needs for comfortable accommodation (shower, toilet, TV set, fridge and phone set).

Participants are offered a varied entertainment programme.

The Training Centre is located in the town of Tsakhkadzor, which is as a ski resort located at an altitude of 1,845 meters above the sea level, 50 km to the north from Yerevan.
