Two charged in attempted robbery at Ohio Savings Bank in Garfield Heights

An attempted robbery at the Ohio Savings Bank in Garfield Heights led to charges being filed against two men last Saturday morning.

By Amber Weisbarth

Two males, ages 32 and 16, have been formally charged with aggravated robbery in a foiled attempt to get money from the vaults at the Ohio Savings Bank on Turney Rd. in Garfield Heights last Saturday, according to Garfield Heights Police Lt. Robert Byrne.

The assistant branch manager told police she was in the process of opening the bank that morning, around 8:40 a.m., when she and her employees were approached by a man, later identified as Landon McFarland, 32, of Bedford, who allegedly forced them inside at gunpoint and told them to open the bank vault.

She told police that McFarland said, "Give me the money. I'm not playing. I don't want anyone dying today."

The employee said a second male then entered, later identified as a 16-year-old Cleveland, who also pointed a gun at them and insisted they open the vaults. The employee said the vaults could not be opened and the males became agitated and told the employees to go outside.

Once outside, one of the males took an employees' purse and told all of them to run away. As the employees got to the Shell gas station next door to call for help, one of them said she watched the males get into a dark-colored Dodge and flee onto Carpenter Rd.

While enroute to the bank, two GHPD officers on Libby Rd. passed a car matching the description of the robbers' car. As the officers turned around and began to follow it, the driver, allegedly McFarland, pulled over, got out of the car with his hands up and began walking backwards. One of the officers ordered him to the ground at gunpoint and arrested him, at which time the teen got out of the vehicle and fled on foot towards Broadway Ave.

The other officer chased him on Broadway Ave. to Friend Ave. in Maple Heights then lost sight of him. A witness directed police to a wooded area where he spotted the teen, and a chase continued on Libby Rd. and across the street to the area of Baraona's Bakery. At that time, the officer was told by dispatch that a Maple Heights police officer had apprehended the teen in front of Shades Towing on the corner of Libby and Paine.

According to the report, as police were handcuffing McFarland, he kept saying, "I am going to get 25 to life for this." Police asked what he was referring to and he allegedly said, "The bank robbery."

Police searched McFarland and found \$590 in his pants pocket, which he insisted had not come from the Garfield Heights robbery. Sgt. Jim Mendolera said police believe the money came from a robbery in Bedford the night before this incident. Bedford Police are still investigating.

Police said McFarland told them he had stolen the vehicle and had kidnapped the teen at gunpoint. He also told police he stopped his car and surrendered because he did not want any "shooting" or anyone to get hurt. The report said McFarland repeated, "I screwed up. I'm a bad person," numerous times.

Inside the vehicle police found a chrome Ruger and a revolver in the glove box. A check through LEADS found the Ruger was entered as stolen through Cleveland PD. The employee's black purse was found on the floor of the passenger side of the vehicle.

Both males have been charged with aggravated robbery. McFarland has also been charged with kidnapping and is being held on a \$250,000 bond, according to Sgt. Mendolera. Lt. Byrne said the teen will be charged as an adult.

Access to all driveways will be maintained during this phase of the project. On-street parking will be prohibited. This phase of work is expected to be in effect until December 2014.

The Fleet Avenue Rehabilitation Project is reconstructing 1.03 miles of Fleet Avenue including pavement replacement between Independence Road to East 65 Street and resurfacing Fleet Avenue from East 65 Street to Broadway Avenue.

Bedford PD arrests man on rape charges

The following information was reported by Bedford Police Department Detective Sergeant Brian Byard:

On August 24, at approximately 3:45 a.m., a female called Bedford Police Department to report that she had just been raped by a male at gunpoint.

The female reported that she had been walking northbound on Warrensville Center Rd., just past the Bedford Police Department, when a male ran up behind her sticking a gun to her head. The suspect forced the victim to a grassy area off the roadway, where he proceeded to sexually assault and rob the victim of \$300.

By Monday, Aug. 25, Bedford detectives obtained a possible suspect, Montana Hudson, 23, from East 141st St. in Cleveland. The victim positively identified Hudson as the male who raped and robbed her.

On August 26, Bedford police, along with the U.S. Marshal's Violent Fugitive Task Force, set out to arrest Hudson. At approximately 3 p.m., Hudson was arrested without incident walking near an apartment complex in Warrensville Heights.

Bedford Police detectives interviewed the suspect and he subsequently admitted to the sexual assault. The gun used in the crime was recovered in a nearby home.

Hudson remains in Bedford City Jail on a \$500,000 bond and was expected to be transferred to Cuyahoga County Jail last Friday. Hudson was charged with rape, a first degree felony, and is expected to be indicted on robbery and kidnapping charges as well.

Garfield Hts. vs. Collinwood football game cancelled after fights break out

By Ellen Psenicka

During the third quarter of the Garfield Heights High School home football game against visiting Collinwood High School last Friday night, a series of fights in the stands and on the field led to the cancellation of the game, which Garfield Heights had been winning by a score of 26-6.

A total of 11 students, 7 of them football players and 4 high school non-athlete students, will face varying levels of consequences for their involvement in the altercation with Collinwood players, according to a statement issued yesterday by the Garfield Heights City Schools.

As stated in the police report on the incident, two GHPD officers working off duty at the game were checking to see if an injured player on the field needed a squad called when they saw a large fight in the south end of the Garfield Heights side of the stands.

Officers ran to the stands to assist school staff in dealing with the fight, and they escorted several juveniles to the parking lot with the help of other on-duty officers.

While this was going on police were advised of another fight in the stands and a fight on the field between the two football teams, with several fans entering the field of play.

One of the officers went onto the field to help GHHS Principal Tammy Hager with a female student who had run onto the field to fight, according to the police report. The female resisted and tried to get away from the officer and get

back onto the field. She was then placed under arrest and taken from the field.

Cuyahoga Heights and Maple Heights police were called to assist as fighting on and off the field continued. The game was cancelled shortly after 9 p.m. and everyone was asked to leave the stadium.

Five students were arrested and taken to City Jail and charged with disorderly conduct. Two were later released.

"The Garfield Heights City Schools does not tolerate such behavior and is moving swiftly to deal with these students," it was noted in yesterday's statement from the Garfield Heights Schools.

It also said preventative measures

from a security aspect are currently being reviewed and finalized prior to this Friday night's home football game against Berea High School at 7 p.m.

This incident comes as Garfield Heights residents will be voting this November on a Stadium Renovation Issue to renovate the high school athletic complex.

According to school officials, the ballot issue would cost the average homeowner less than \$30 a year to install new restrooms, upgrade bleachers and put down synthetic turf to replace the worn grass and build a new track.

The campaign will officially launch this Friday, Sept. 5, at 5:30 p.m. at the high school with a fundraising event.

"This is an exciting achievement and demonstrates our caregivers' dedication to offering stroke patients the very best care possible," said Joanne Zeroske, president of Marymount Hospital.

The Get With The Guidelines - Stroke Program helps hospitals develop and implement prevention guideline processes to improve patient care and outcomes. The quick and efficient use of guideline procedures can improve the quality of care for stroke patients and may reduce disability and save lives.

Marymount Hospital is also designated as a Primary Stroke Center, certified by The Joint Commission. According to the American Heart Association/American Stroke Association, stroke is the fourth leading cause of death and leading cause of adult disability in the United States.

On average, someone suffers a stroke every 40 seconds; someone dies of a stroke every four minutes; and 785,000 people suffer a new or

Czech dinner, play at Bohemian Hall

Sokol Greater Cleveland will offer an iconic play, "The Good Captain Svejk," on September 27 and 28, in the historic Bohemian National Hall, 4939 Broadway Ave. in Cleveland.

Curtain time for the Saturday evening performance is 7 p.m. The Sunday matinee performance is at 3 p.m., following a traditional Czech dinner of pork, dumplings and sauerkraut.

The play is an adaptation of "The Fateful Adventures of the Good Soldier Švejk During the World War," written by the famous Czech author and anarchist, Jaroslav Hasek.

The novel is the most recognized and translated Czech fiction, and considered the greatest literary work to come out of World War I.

The adapted comedy is written and directed by a local Czech, Joseph Bachna, and performed in English by the Sokol Czech Cultural Center's Vcelka Players.

The novel chronicles the irreverent misadventures of Josef Svejk, the "everyman" who survives the hypocrisies of his day by being the wisest fool. Bachna's storyline includes the absurdly comic situations of the Good Soldier while weaving a bit of history into the plot.

Door admission for the play is \$10; advance reservations are \$8 and can be made by calling 216-642-9012. Bachna is so sure you will enjoy his adaptation, a money-back guarantee is offered if you leave before the end of intermission.

Schools need reading tutors

Greater Cleveland Volunteers is seeking adults to serve as reading tutors in the Cleveland Metropolitan School District.

"We anticipate making a real difference in addressing Cleveland's grade-level reading challenges," said Joy Banish, executive director for Greater Cleveland Volunteers.

The AARP Experience Corps program specifically addresses the challenges raised by the Third Grade Reading Law. Volunteer tutors are matched with children in first through third grade to help them reach grade level reading.

This year two additional elementary schools were added and the need is great, said organizers. They are seeking more volunteer tutors and team leaders to help guide the next generation of readers. No experience is required and extensive training is provided.

To volunteer, contact 216-391-9500, ext. 119 or visit: ec@greaterclevelandvolunteers.org.

Cleveland Clinic Rehabilitation Hospital at Euclid Hospital helps patients regain independence.

Cleveland Clinic Rehabilitation Hospital at Euclid Hospital provides specialized care for patients who need intensive rehabilitation after hospitalization for stroke, spinal cord injury, traumatic brain injury, major illness, surgery or trauma.

Located within Euclid Hospital, Cleveland Clinic Rehabilitation Hospital offers a seamless transition to the rehabilitative phase of recovery with medical coverage 24 hours a day, and includes access to a full range of medical and surgical specialties, as well as laboratory and radiology services.

Patrick Shaughnessy, MD, a physician specializing in physical medicine and rehabilitation at Cleveland Clinic Rehabilitation Hospital at Euclid Hospital, says, "A rehab hospital provides the medical management, intense therapy and specialized care that results in excellent outcomes for our patients."

A multi-disciplinary team develops care plans specifically designed for each patient and works with the patient and their support network to provide an integrated treatment approach. The team consists of a rehabilitation physician and nurse; physical, occupational, recreational and speech therapists; dietitian, social worker and case manager.

Rehabilitation to meet each patient's needs

Each patient's rehab plan is based on his or her individual needs. Most patients receive physical and occupational therapy daily, spending three hours in therapy five days a week. Weekend therapy is provided as needed. Additionally, most patients also receive speech and recreational therapy.

Along with traditional rehabilitation therapies, complementary therapies are offered and include:

- specialty programs to help patients manage diet, bowel and bladder problems
- horticulture, art, music, relaxation training, cooking classes, balance/coordination using the Wii™ video system and community reintegration

A prescription for healing

Once the patient is ready to go home – average hospital stays range from 10 to 14 days – the continuum of care doesn't stop. Additional care services include: outpatient physical, occupational and speech therapy, as well as driver evaluation.

"The rehab hospital offers a therapeutic environment. It gives our patients an opportunity to regain functional independence and prepares each patient and their caregivers to modify and adapt to changes in the patient's functional abilities," explains Dr. Shaughnessy. "That, along with the quality care the hospital staff provides, is a prescription for healing."
