Tailem info Station is both a visitor information outlet and museum, open to the general public 7 days per week. 'Fettlers' (volunteers) provide customer service, advice, information distribution to a myriad of visitors. Tailem info Station also offers museum tours and intends to have a wide variety of goods for sale. If tourists require help with their journey the friendly down to earth professional fettlers will have a chat and discuss anything local and beyond.

Our Vision

We strive to achieve tourism and economic development and preserve Tailem Bend's historic railway culture while promoting the greater Coorong region.

Our Mission

We aim to move forward and achieve the vision through:

- Self sustainability
- Social enterprise opportunities
- Increased collaboration with neighbouring VIOs and tourism stakeholders

The Gangers

- highlighting culinary and aboriginal tourism.

So...

We (Tailem info Station) want to provide tourists and our community with an opportunity to buy items that are special to our area (Tailem Bend and surroundings), items that can be solely found here, so they have something unique to take home with them.

To fulfil this objective and to include other community members, producers, businesses in this venture, we are keen to sell goods on your behalf through a simple commission/consignment model.

Here is how it works

What is Commission?

Commission is a method of payment for a service

provided to your business. All business services have a cost. For example, fees are paid for each of these business services - insurance, banking, accountants and mechanics.

How much is Commission?

15% on sale until August 7 2015

Who will receive the commission?

Tailem info Station

What if I can't afford to give away commission?

Can you afford to turn sales away? Consider the following:

Pricing to incorporate commission

The price of your product is made up of the following cost components:

- Fixed costs or overheads
- Variable costs associated with supplying the service
- Profit margin or the amount that will contribute to your end of year profit

Example

- A. You would like to sell your locally produced bottle of olive oil at Tailem info Station.
- B. The wholesale cost of the bottle is \$15.00, to this price you add Tailem info Station's commission of 15%. 15% of \$15.00 is \$2.25
- C. We will sell the bottle of Olive Oil to the customer for \$17.25
- D. We will hold that bottle at the premises (this is called consignment) and when we sell the bottle we keep 15% of the total cost: we keep \$2.25 and we pay you, the Consignee, the remaining 85% which is \$15.00.

If you're happy with this, please complete the Goods Application and return it to our postal address above, and contact Anna for a sample viewing.

Please note that locally sourced, produced, made goods are highly regarded. Please make sure that your products are appropriately identifiable and labelled. If it's food, please indicate ingredients and best before date.
