Please follow the instructions listed below when requisitioning on-line.

To use the on-line requisitioning program you only need to be familiar with using the mouse and keyboard operations and basic navigating skills for the Internet. If you should have any questions or problems please email Deb Bestwick at bestwicd@dcmoboces.com

- Equipment Required:
 - Computer/Laptop with Internet access.
 - **Requisition Website:** www.dcmoboces.com/bidreq

The website is also available as a link off the Cooperative Purchasing webpage at www.dcmoboces.com, click on Management Services then Cooperative Purchasing to obtain the webpage. The link to the requisitions site is located on the left side of the page under “Cooperative Purchasing”.

INSTRUCTIONS FOR USING THE PDF OF THE REQUISITION BOOKLET:

If you are using a PDF copy of the requisition booklet – Please follow the instructions below to view the booklet and requisition on your monitor or laptop.

Windows: Open the PDF booklet you wish to use and the internet browser. Right click on your tool bar select “show windows side by side”. Navigate to the requisitioning portal, Log in. You can search the PDF document by typing in a key word in the search field at the top of the page. Once you find the item you wish to order you can enter the “Item #” in the appropriate field on the requisition page.

Apple: If you are using a PDF of the booklet and you are using an Apple product here is how to view the PDF and requisition portal.

Mac: Open either Firefox or Safari. You can adjust the window by dragging the right side of the screen so it is half the screen. To open an additional browser window, select new window from the file button and adjust if necessary.

Ipad: You can view the PDF and Requisition portal on separate screens or tabs in your browser then you toggle between the screens.

There will be additional information and training resources available off our website under related links.

Please make sure you have the latest version of Windows Explorer or try viewing by Firefox or **Google Chrome**. Old browsers will not play the tutorials.

DETAILED INSTRUCTIONS: Using the On-Line Requisitioning Portal with the Booklet

- First, review the list of items available within the requisitioning catalog booklet.
- Make a check mark or indicate a quantity of the items you require in the requisition booklet, so that you can quickly locate and identify these items when you are logged into the on-line requisitioning program.
- If you are using the PDF booklet you can electronically place a quantity in the quantity cell and save the booklet. Remember to save the booklet to your hard drive or jump drive with a file name that you will remember as your 2016/2017 requisition order.
- If you require more information on an item or need a picture to identify an item, you can obtain this information from the appropriate vendor's webpage using the following instructions. Research on any item should be conducted before entering the Online Requisitioning Program.

Below is the vendor's website for reviewing items found within the requisition booklet.

www.schoolspecialty.com

Almost every item can be viewed on the vendor's website. The website's part number for the **school and office supplies** is the same as our **BOCES item number** listed on the requisition sheets.

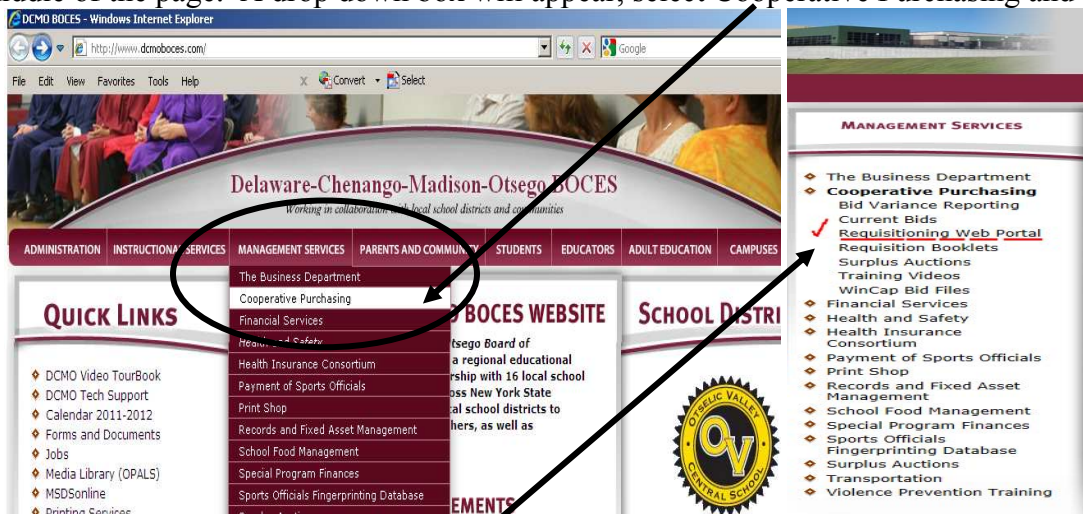

Item #	Qty.	SCHOOL SUPPLIES Description ADHESIVES - GLUE
30008970		ELMERS 4 OZ SCHOOL GLUE
30008973		ELMERS GALLON SCHOOL GLUE

We require that you use the website listed above for reviewing items found within this booklet. This website should also be used if you need to add items not found in the booklet (you may also use the catalog). The vendor website is also available as a link off the DCMO BOCES Cooperative Purchasing Webpage; click on "School and Office Supplies" listed under "Vendor Links", on the "Helpful Link" page. Please note that a small number of items may not be viewable on the vendor's website. – please read the helpful hint for finding item not in the booklets.

- To search items on the vendor's website, click on the search engine box towards the center of the Vendor's website. Place the BOCES number in the Search engine; click search to see a more detailed description and picture of the BOCES item.
- For items not found in the order booklet, please search the recommended vendor's website for the item you require; write down in the back of the booklet (on the page provided) the vendor's item ordering number, a brief description of the item, vendor's unit of measure (e.g., dozen, set, pair, each etc., price), color desired and size (if applicable).

Please note that the use of any vendor's website to review or requisition items is only done as a means to be consistent with the requisitioning process; the BOCES is not recommending or endorsing the use of this vendor or their products.

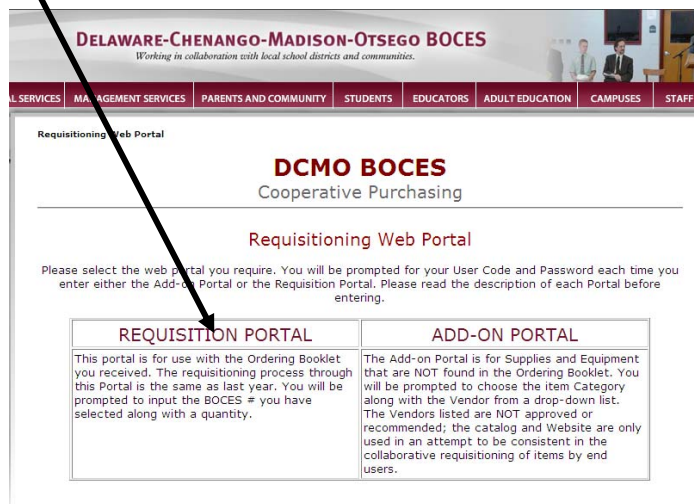

After you have identified the items you require go to the DCMO BOCES website at www.dcmoboces.com. Scroll across “Management Services” located in the maroon bar in the middle of the page. A drop down box will appear, select Cooperative Purchasing and click.

- Go to the “**Online Requisition System**” Link located at the left of the Cooperative Purchasing Website or type: www.dcmoboces.com/bidreq
- **Bookmark this website and click the Link to enter the Requisition Portal.**

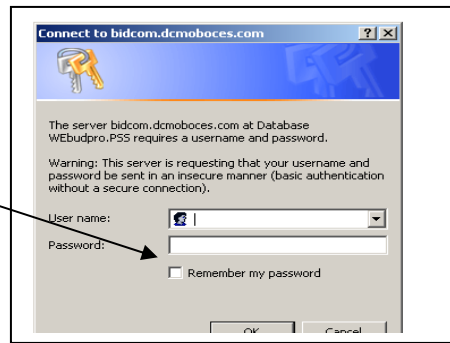

Adding Items from the Requisition Booklet into the Requisition Portal – Step 1

- **Requisitioning Web Portal – select the Requisition Portal which uses the booklet, the Add-On Portal to add items not found in the booklet will be used in Step 2.**

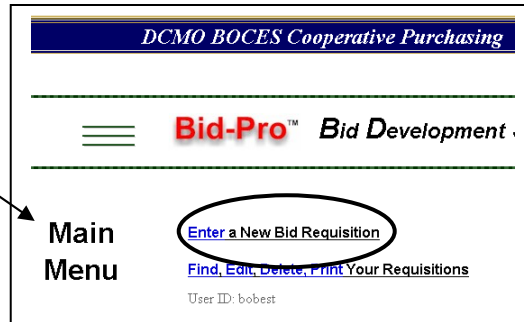

- First, click on the “**Requisitioning Portal**” to requisition items from the booklet. A log on box will appear.
- Click on the “**User Name**” box and enter your **User Code**, (example BOBEST), hit the “**Tab**” key and the cursor will move to the “**Password**” box, enter your **Password** and hit the “**Enter**” key or click “**Ok**”.

If you are at your private computer you may click “remember my password” This will allow you to log back into your requisition without typing your log on.

- On the **Main Menu**, click on “**Enter a New Bid Requisition**”

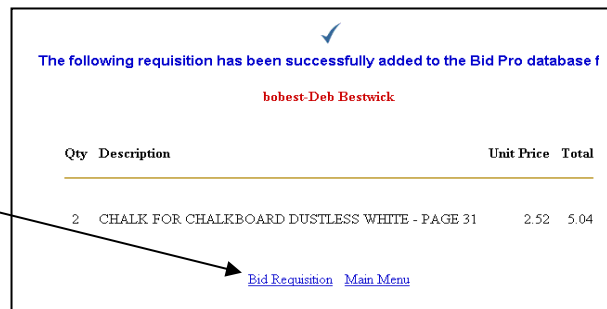

- You are now at the requisition page and should be ready to enter the items you have selected. Click on the “**BOCES Item Number**” field and enter the item number listed in the requisition booklet (to the left of the item description), hit the “**Tab**” key to move to the “**Quantity**” box and enter the quantity required. When complete, hit the “**Enter**” key or “**Submit Request**” Button.

The quantity desired should reflect the correct **Unit of Measure**. **Example:** The Unit of Measure (U/M) for pencils is “Box.” One box equals twelve (12) pencils, therefore if twelve (12) pencils are required, only one (1) box should be ordered. It is the responsibility of the Requisitioner to make sure the correct quantity is ordered.

- After you have hit “**Enter**”, the on-line program we verify that the item selected has been accepted.

To return to the **Requisition** screen, click on “**Bid Requisition**” at the bottom of the page and continue to add your items into the on-line program.

- After you have entered the items numbers in the booklet that you indicated are required, turn to your sheet in the back of the booklet where you have listed your add-on items. These are the items that you did not find within the ordering booklet.
- Enter these numbers into the main online requisitioning program in the same manner. Please make sure to enter the correct School Specialty item number. If you are using a catalog, use the middle 7-9 digit number, for example... 09 -**9708333**-030. Only enter the middle 7-9 digits, in this case, 9708333 number, not the prefix or suffix numbers.
- Begin to type these item numbers into the requisition portal, just like the ordering booklet numbers. We have loaded almost all of school specialty item numbers into the requisitioning site, so there is a very good chance that the item you require will be found in our “behind the scenes” database.
- If an item is not found in the online database you will receive an error message. In this case, the item should be added into the add-on portal. See Step 2 for additional information on this procedure.
- At any time during the requisitioning process you may click on the “**Main Menu**” at the bottom of any screen to return to the Main Menu and review your complete requisition on-line. To review your requisition click on “**File, Edit, Delete, Print Your Requisition**”

- On the next screen click on “**Start Search**”.

- The requisition screen will have a subtotal of each item along with a grand total at the bottom. Changes may be made by simply clicking on the hypertext item number.

Qty.	BOCES Item #	Unit Description	Unit Price
10	3062708	EA MARKER PERMANENT REDISHARP FINE TIP RED - PAGE	0.33
5	30002910	SET SHARPIE JUMBO MARKERS, 4 COLOR SET PAGE 23	3.05
10	30034625	BX CHALK FOR CHALKBOARD FRANGHYGIEIA DUSTLESS YELLOW - PAGE 31	0.22
10	30205481	GS CHALK FOR CHALKBOARD DUSTLESS WHITE - PAGE 31	2.52

- When you have completed your requisition in this section, **print 2 copies** of the on-line requisition form (see above), **submit one copy to your business office and keep the other for your files.** To print, just select the print icon on your browser. Requisitions will not be uploaded into the main program until your business office has reviewed your requests and has given their approval.

The system saves everything immediately so there is no need to perform any save functions.

STEP 2 - Adding items to the Add-on Requisitioning Portal

- Items that you cannot find in the booklet and items which are not found within the online requisitioning program will be submitted through the **Add-On Requisitioning Portal.** Please try to only add items that have a quantity of 5 or more or a value of more than \$20.

Please only use the vendors that are selected for our collaborative efforts and are available in the drop down box for vendors on the Add-on Portal.

PLEASE DO NOT USE ANY OTHER VENDOR WEBSITES OR CATALOGS, EXCEPT THE ONES LISTED ON COOPERATIVE PURCHASING WEBSITE.

Step 1 – before entering a new item please search the PDF of the requisition booklet for the item you require. We have found in the past that 85% of “new” items were in the booklet. To search the PDF, depress the “Control” Key and the “F” key at the same time. A “find” dialog box will appear at the upper right in the PDF. Using the School Specialty item number that you have found on the website or in a catalog, search the booklet. Or search by a key word. If the item is not found continue with the add item process. If you were not issued a PDF Booklet you can obtain a copy on the website by going to the link on the website:

Step 2 – Finding the item.

To search for an item not found in the Requisition Booklet, place a key word in the suggested Vendors website search engine and navigate to the item. Suggested Vendors are located on the Cooperative Purchasing Website, under “Helpful Links”.

When you have found the item you require, write down the following information on the form in the back of your requisitioning booklet as you will be referring back to this when you go to the online add-on requisitioning portal,

Vendor Name:

Quantity

Unit of Measure

Catalog/Item Number – see note below

Description – include size, color, etc.

Unit Price in catalog or on website

When entering items from a School Specialty catalog please do not include the prefix or suffix of the item number. The main portion of the number should be 6-9 digits long. The number in the middle is the number we are looking for you to record. See example below:

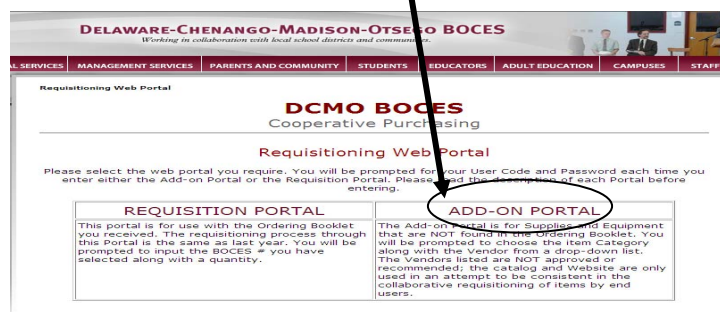

Example ~~09~~ – 9708333 – ~~030~~ Only use the middle numbers

Please only use the recommended vendors for add-on items. If you require another vendor to be used, please call our office first before adding the vendor's information to your add-on sheet. Otherwise, your item may not be bid and therefore not ordered.

Step 3 – Adding the New Item to your Requisition

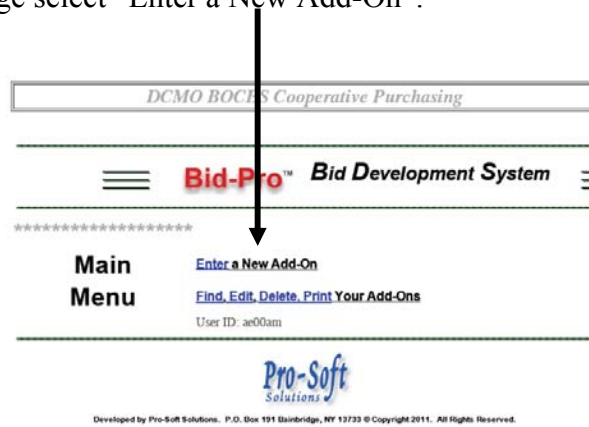

- To access the Add-on Portal, click “Add-on Portal” on the Requisitioning Portal webpage.

- Click on the “User Name” box and enter your User Code, and hit the “Tab” key, the cursor will move to the “Password” box, enter your Password and hit the “Enter” key or click “Ok”.

The log on process is the same as the Requisition Portal. Each time you enter a Portal you will be prompted for your log-on information.

- The main menu page for the adding items to your add-on requisition will appear. This page has been designed to look and function, like the Requisition portal.
- At the main menu page select “Enter a New Add-On”.

- You will notice on the next page that your User ID appears at the top. Select the appropriate Commodity from the drop down list. Make sure you select the proper Commodity; selecting the wrong commodity may render your request as invalid when the information is uploaded into the master program at the end of the requisitioning period.

- Select the Vendor from the drop down list. You **must** use one of the vendors listed. The Catalog or Vendor Product Number must be associated with the appropriate Vendor that you have selected in the drop down box. If the wrong Vendor is selected, your request may be invalid at the end of the requisitioning process.
- Enter the Quantity you require. This must be a numeric value.
- Select the appropriate Unit of Measure (U/M) from the drop down list. This U/M must be the same as appears in the vendor’s catalog or Website. For a U/M of one (1) use Each.
- Enter the Vendor’s Catalog or Product Number. Ensure the number you use corresponds with the vendor you selected above.

- Enter a description of the item. Please be brief but concise, include model/brand name, size, color, U/M etc. (Please do not use CAPS)

For Example: Gloves, Leather, Waterproof

- Enter the retail price as it appears in the Catalog or on the Website. **Enter a numeric value only, do not enter a dollar sign.**
- Click “Submit Request” at the bottom of the page.
- The Add-On Requisition system will verify the item you have added to your requisition. After you review this screen click on “Add on Requests at the bottom of the screen. This will take you back to a blank Add-on screen so you can add the next item.
