# Bexley City Schools Summer Academy 2012

Summer Academy in Bexley City Schools offers fun, extra help and enrichment this summer. Courses encourage innovation, independent initiative, leadership, and creativity. All sorts of opportunities -- from “boost” classes in reading and math to summer sports camps -- can build a summer of learning fun.

## General Information

**Registration** may be completed by mail or in person at the Board of Education Offices, located at 348 South Cassingham Road on the second floor of Bexley High School. A completed form and full payment are required at the time of registration. Checks should be made payable to “Bexley City School District,” except for those programs that indicate otherwise.

**Registration deadline** is May 4, 2012. After this date, students may be placed on waiting lists, pending the schools’ ability to recruit staff. Enrollment in all classes is limited and registrations are accepted in the order received.

**Grade level** for each course is based on the grade a student will enter in fall 2012. Whether a course is developmentally appropriate for a student is at the discretion of Summer School Director, Kristin Robbins.

**Length of session** depends upon the course offering; please see course listings for specific dates. Summer Academy runs from Monday, June 18 through Friday, July 27, with some classes offered before or after these dates. There are no classes on Wednesday, July 4, in observance of Independence Day.

**Location of classes** is Bexley Middle School, 300 South Cassingham Road, unless otherwise noted. Camp Invention will be held at Cassingham Elementary, 250 South Cassingham Road. See the map included in this brochure for classroom numbers.

**Fees** for each course are included in the course descriptions, with fees for field trips included in the Physical Education class cost. Non-residents -- those living outside the City of Bexley -- will pay 50% above the listed fees unless otherwise indicated. Registrants will be notified if a class is cancelled or full, with all payments refunded. Financial assistance is available only for students who were enrolled in Bexley City Schools during the 2011 – 2012 school year and received free/reduced lunch. Families meeting the criteria should register by contacting Summer School Director, Kristin Robbins at 231-4591, extension 4199.

**Class attendance** is an important component of summer school success because class time is compressed into fewer individual days. Summer Academy observes these rules:

1. Students late to school less than thirty minutes are marked tardy. Three such tardies equal one absence.
2. Students late to school more than thirty minutes are marked with a half-day absence.
3. Students will be dismissed from a credit course with no credit or reimbursement if
  - absent more than 3 days from any full credit course
  - absent more than 1.5 days from a half-credit course
  - absent more than 1 day from Physical Education (half-credit course)

## School Regulations

1. Proper effort and behavior:
  - a. Because the summer session is short, students must complete assignments quickly.
  - b. Any student whose conduct is not satisfactory will be dismissed from Summer Academy. All established rules during the regular school year are in effect. The first violation of these regulations will be grounds for dismissal.
  - c. Any student who has a failing average in a credit course at the end of the interim (usually three weeks) will be placed on probation. If the average is still failing at the end of four weeks, the student may elect to drop the course.
2. Dress:

Although informal attire is permissible during the summer months, standards of good taste will be maintained. Shirts and shoes must be worn. Students who violate these standards will be sent home, with absences noted on their records.

## Credit

High School students will receive full credit for summer school work as indicated. Summer Academy grades become part of the student’s permanent record and are included in grade point average computation.

## Refund Policy

Full refunds will be made in the following cases: 1) when a class is cancelled or closed; 2) when a registered student passed the course during the regular school year and presents a grade card; 3) or when a registered student withdraws prior to the start of Summer Academy.

To register, contact John Becker at [jebecker@columbus.rr.com](mailto:jebecker@columbus.rr.com) or (740) 363-1780

### J. Literacy/Math Jump Start

Students spend part of each week on language arts activities such as reading, rewriting and acting out stories. They review and strengthen writing skills by keeping personal journals and participating in various creative writing activities. In addition, students review math concepts and get extra practice with fractions, percentages and multiplication to keep skills fresh for the new school year.

**Grade Level:** 4-6  
**Length:** 3 Weeks  
**Dates:** July 16 – August 3  
**Days:** M-F  
**Time:** 10:15am – 12:15pm  
**Fee:** \$180.00  
**Room:** 2227

### K. Website Design

Have fun building your own website. Using kid friendly software, you'll design a website based on a topic you love. Learn how to incorporate graphics, photos, and simple animations into your site.

**Grade Level:** 4-6  
**Length:** 1 Week  
**Dates:** June 18 - 22  
**Days:** M-F  
**Time:** 9:00-11:00am

## 205 Case Studies in History: Strategy and Diplomacy

Could World War I have been avoided? What would have happened had Britain and France not appeased Hitler in 1938? These and many other questions will be answered by students in this class taught by BHS social studies teacher, Mike Featherstone. This course presents a series of interactive historical case studies in which students will determine the course of European and world history. Assuming the roles of leaders and presented with critical decisions and historically accurate dilemmas, students will negotiate, cooperate, and even betray each other in order to succeed. Ultimately, they will need to craft balanced strategies, be ruthless where appropriate, and forge coalitions in order to prevail. The class will provide an overview of several eras and specific events; students will analyze primary documents and ultimately take the role of historic protagonists in strategic simulations. It will utilize primary sources, secondary readings and strategy games such as “Diplomacy,” “Origins of World War II,” “Struggle of Empires,” and “Here I Stand.” Students will be assessed based on class participation and in-class journals.

**Prerequisite:** None  
**Credit:** .25 Social Studies elective credit  
**Grade Level:** 10-12  
**Length:** 2 Weeks  
**Dates:** July 2 – 13  
**Days:** M-F  
**Time:** 8:00am – 12:30pm  
**Fee:** \$160.00  
**Room:** 4262

- develop negotiating and diplomatic skills
- learn the historical background and complex dynamics involved in Reformation era wars and conflicts; imperial conflicts in 17th century Europe; lead-up to WWI and WWII
- analyze how individual negotiations and decisions can change the course of history
- think strategically and attempt to sway the course of events to their advantage

## 206 Cold War: A Simulation

This class is designed to allow students to experience the Cold War from multiple perspectives through a course-long, hands-on interactive simulation led by BHS social studies teacher Mike Featherstone. Students will assume the roles of the major participants from the Cold War, research the historical background of their subjects, and react to the events of 1945-1989 accordingly. Students will gain a deep understanding of the causes, course, and consequences of one of the most interesting periods in history. Events or concepts to be simulated include the post-WWII division of Europe, Korean War, Berlin Airlift, Berlin Wall construction, Cuban Missile Crisis, Vietnam War, nuclear arms race, Space Race, and ongoing espionage.

**Prerequisite:** None  
**Credit:** .25 Social Studies elective credit  
**Grade Level:** 10-12  
**Length:** 2 Weeks  
**Dates:** July 16 - 27  
**Days:** M-F  
**Time:** 8:00am – 12:30pm  
**Fee:** \$160.00  
**Room:** 4262

## 207 Health

This course is designed to meet the needs and interests of the students and is taught from the point of view of student problems. It offers an opportunity to study exercise physiology, human behavior, family living, nutrition, drugs, disease and first aid. These personal health topics are studied within the broader areas of mental, physical and social health.

**Prerequisite:** None  
**Credit:** .5  
**Grade Level:** 9-12  
**Length:** 4 Weeks  
**Dates:** Session I  
 June 18 – July 13  
 (no class on July 4)  
 Session II  
 July 16-August 10  
**Days:** M-F
