CAMPING FORM

Camping @ £30 per unit for the tournament (4pm Thurs – 10:30am Mon)

There will be two camping fields this year. The Main camping field will have 650 reserved camping pitches, which will be allocated by team in advance on a strictly first-come-first-served basis.

When this is fully allocated, teams will be allocated to the Extension camping field. The space in this field will be unreserved, and will allow for more space per team.

Please Note the Extension camping field is on the other side of the road from the flyball rings and there will be a designated crossing point for pedestrians only.

Please indicate if you would prefer to be allocated in the Extension camping field.

INFORMATION ABOUT THE FORMAT

This year, the competition for the title of British Flyball Champions will be open to the top 18-seeded teams that have entered, rather than just the top 6 as in previous years.

Speed Trials will be run to determine the seeding for the top 3 divisions from these 18 teams.

The Speed Trials, which will be held on Friday will give each team 9 runs in order to record the fastest time it can. This will be arranged as 3 races per team, and each race will be 3 heats. Each team must attempt to run 4 dogs in each heat.

Speed Trial racing is all about the time - it is not about winning or losing races. Expect exciting racing as teams battle to get into the highest division they can, with the best seeding they can manage. There may be lights as teams try to squeeze the last few 100ths of a second off their time.

These dogs are then rested in preparation for the the Double-Elimination divisions two days later.

Double-Elimination differs from a simple knock-out competition in that a team needs to be beaten twice before being eliminated, rather than just once. Teams that have lost one race are raced against each other in the Elimination Bracket for the chance of a place in the final.

In the Double-Elimination, the top two seeded teams in each division get a bye in the first round, and they each race the winner of one of the first-round races. When a team loses its first race, it drops into the Elimination Bracket, where it next races a team that has also lost one race.

When a team in the Elimination Bracket loses a race, this will be its second loss, so it is now out of the competition and is awarded its place in the division.

The Division Final is where the last unbeaten team races against the last team standing in the Elimination Bracket. If the unbeaten team wins, it is the Division Winner. If it loses, then there is a return final as both teams have now lost a single race.

Double Elimination racing is extremely exciting, as each race is significant to the final result of the division. The division winner - and so the Champions will not be known until the last race

NOTE: All other divisions will be run as 6-team Round Robins as before.
