### Type "C" Accessory Dwelling Unit/ADU Packet

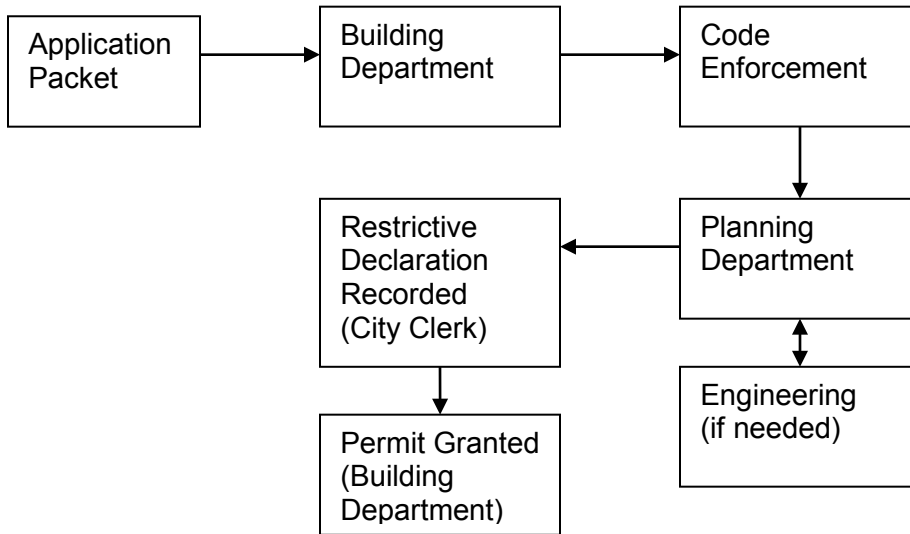

Attached is an application form for an Accessory Dwelling Unit (ADU) permit. It is used to apply for an ADU in a residential district on a single family home lot, and requires full compliance with the conditions of the city's ADU ordinance, as well as all applicable building codes. **Please allow a period of 2-4 weeks for processing.**

**IMPORTANT: Neighborhood covenants may apply and restrict your ability to construct an Accessory Dwelling Unit. The issuance of a city permit for an Accessory Dwelling Unit does not eliminate the responsibility of a property owner to comply with applicable covenant restrictions. It is the responsibility of the property owner to determine if there are any covenants that may apply to and/or restrict an Accessory Dwelling Unit. The city is not liable for any action that a property owner takes in contradiction to applicable neighborhood covenants.**

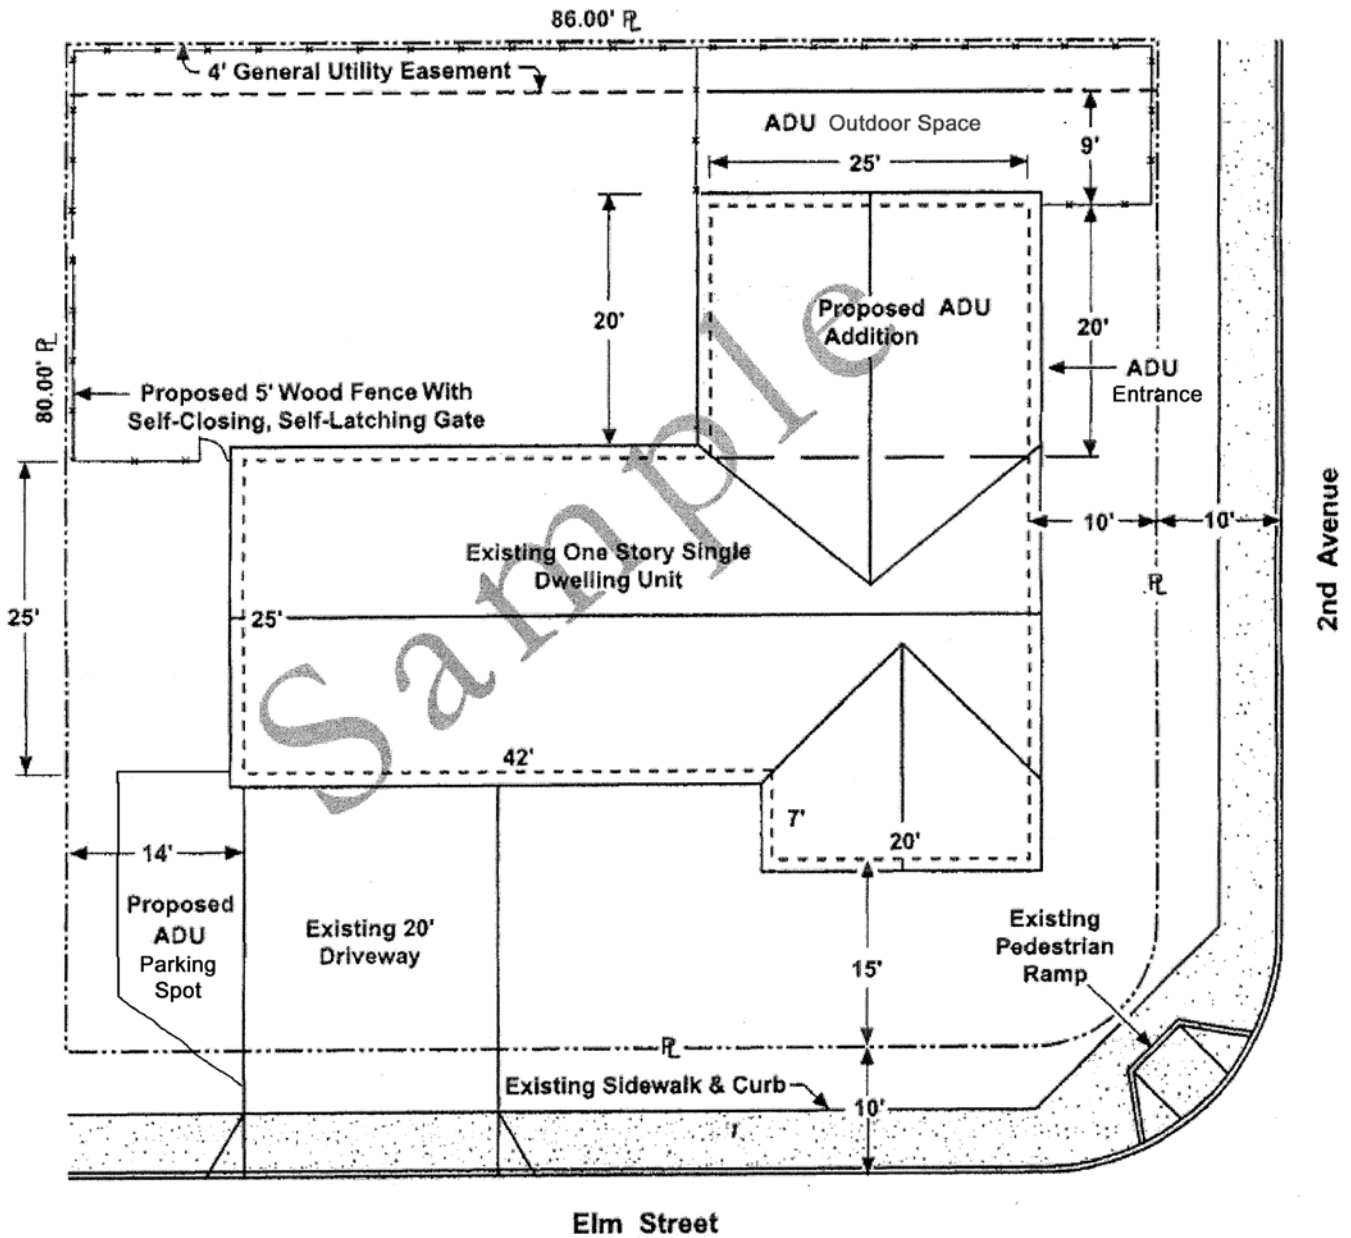

Please follow these steps in making your application:

1. Complete the ADU permit application packet, including: ADU application; building permit application; restrictive declaration form.
2. Attach a site plan (see example in packet) showing:
  - Existing zoning and all uses adjacent to property
  - Location of proposed ADU, the entrance and outdoor space
  - Location and measurements of existing house and garage
  - Lot size and lot coverage
  - Front, rear and side setbacks
  - Designated off street parking space for ADU
  - Square footage of the home, garage and the ADU (separately)
  - Maximum number of people to reside in the ADU
3. If the proposed ADU will be inside an existing dwelling or attached to an existing dwelling, include photos of the existing dwelling and building elevations of the proposed ADU.
4. Submit the completed ADU packet to the Building Department.
5. Once the above items are completed and submitted, Community Development, Engineering, Code Enforcement and Building Inspection will review plans and contact you with any questions or comments. See diagram below.
6. When staff review is complete and all conditions are met, the Building Department will notify you when your ADU permit is available.

- No ADU shall be less than 200 square feet.
- All ADU's shall be designed and configured as either studio, one bedroom, or two bedroom units.

\_\_\_ Unit Occupancy. No more than two persons shall occupy an ADU of less than 600 square feet, and no more than three persons shall occupy an ADU exceeding 600 square feet. The maximum number of persons allowed to reside in the proposed ADU is \_\_\_\_\_.

\_\_\_ Owner Occupancy. The property owner, as reflected in title records and evidenced by voter registration, vehicle registration or other similar means, must occupy either the principal dwelling unit or ADU;

\_\_\_ Outdoor Areas. The site plan shall provide accessible outdoor space and landscaping for both the ADU and the principal dwelling unit;

\_\_\_ Garage or carport space. If covered parking is to be dedicated for use in conjunction with an ADU it shall not exceed 250 square feet;

\_\_\_ Home Occupations. Home occupations shall not be allowed in an ADU;

\_\_\_ Mobile homes, travel trailers and recreational vehicles shall be prohibited for use as an ADU;

\_\_\_ Deed Restriction. Before obtaining a building permit for an ADU, the property owner shall file with the County Clerk and Recorder, in a form acceptable to the Director, a declaration of restrictions in reference to the deed under which the property was acquired by the present owner (see Sec 5.3.3);

\_\_\_ Site Plan. A completed site plan showing ADU location, setbacks, parking, square footage, percent lot coverage, entrance location, maximum number of residents. If property is comprised of two or more lots, then all related legal descriptions shall be provided;

#### **Planning Review:**

\_\_\_ Design. To preserve the appearance of the single-family dwelling, ADUs shall be compatible with the design of the principal dwelling unit by use of similar exterior wall materials, window types, door and window trims, roofing materials and roof pitch and colors (see Sec. 5.3.3). Photos of the principal home shall be provided along with proposed elevations (front and side view sketches)
