## THE SINGLE PLAN FOR STUDENT ACHIEVEMENT

## AT JOHN PAUL JONES SCHOOL

37-68338-6039796 CDS Code

This is a plan of actions to be taken to raise the academic performance of students and improve the school's educational program. For additional information on school programs and how you may become involved, please contact the following person:

Contact Person: Annette Brady

Position: Principal

Telephone Number: 858-496-8140

## **ESTABLISHING GOALS FOR IMPROVEMENT OF STUDENT ACHIEVEMENT**

## **School Goals for Improving Student Achievement:**

Please provide the following information for each academic goal. Goals should be determined through collaboration among the principal, the School Site Council, and the Area/Assistant Superintendent. As a minimum, schools should be meeting Annual Measurable Objectives (AMOs) for Adequate Yearly Progress (AYP) schoolwide and for significant subgroups for English/Language Arts and Mathematics. Schools that have already met the AMOs should look to increase to the next nearest target or use targets for API.

#### SCHOOL GOAL #1

To improve the academic performance in ELA of English Learner students in fourth and fifth grades on the CST in the spring 2008: in fourth grade to 50 % proficient and/or advanced; in the fifth grade from 8.3 % to 50% proficient and/or advanced.

Data Conclusions related to GOAL #1: (Summarize your data patterns and tr	ends based on analysis of program components and student data.)
The data shows that the 4 <sup>th</sup> and 5 <sup>th</sup> grade English Leanner students are perform	
largest achievement gaps in our student population. The fifth grade students'	performance on the CST decreased by 6% from 2006.
Student groups and grade levels to participate in this goal:	Anticipated annual performance growth for each group:
All English Learner students in fourth and fifth grades.	4 <sup>th</sup> grade ELs – to 50% proficient and advanced

The English Zeamer statement in 18 aren and Their grades.	5 <sup>th</sup> grade ELs – from 8.3% to 50% proficient and advanced
Means of evaluating progress toward this goal:  Teacher conferences re: monthly monitoring of DRA & instructional reading levels, teachers' IRC notes, daily informal teacher observation, summative assessments and CST data.	Group data to be collected to measure academic gains: The data will be DRA levels, monthly monitoring data, summative assessment data and CST data, reading rubrics and Independent Reading conference notess.

## ESTABLISHING GOALS FOR IMPROVEMENT OF STUDENT ACHIEVEMENT

#### SCHOOL GOAL #2

To increase academic performance on the spring 2008 CST in math of the 4<sup>th</sup> and 5<sup>th</sup> grade English Learner students: in the fourth grade from 50% to 60% proficient and/or advanced; in the fifth grade from 8.3% to 50% proficient and/or advanced.

Data Conclusions related to GOAL #2: (Summarize your data patterns and trends based on analysis of program components and student data.)

The fourth and fifth grade English Learners scored below other subgroups in mathematics.

Student groups and grade levels to participate in this goal: All fourth and fifth grade English Learners.	Anticipated annual performance growth for each group:  To increase achievement from 50% to 60% in fourth grade and from 8.3% to 50% proficient and advanced for all English Learners in fourth and fifth grade.
Means of evaluating progress toward this goal: End of module assessments, benchmark assessments, daily student work and participation in class share outs, math journals and math discussions.	Group data to be collected to measure academic gains: End of module data, chapter tests, district benchmark assessment data, class work and CST.

## ESTABLISHING GOALS FOR IMPROVEMENT OF STUDENT ACHIEVEMENT

SCHOOL GOAL # 3 (Optional)	
Data Conclusions related to GOAL #3: (Summarize your data patterns and tre	nds based on analysis of program components and student data.)
Student groups and grade levels to participate in this goal:	Anticipated annual performance growth for each group:
Means of evaluating progress toward this goal:	Group data to be collected to measure academic gains:

## **Planned Improvements in Student Performance**

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet API and AYP growth targets. As a result, it has adopted the following related actions and expenditures to raise the academic performance of student groups not meeting state standards:

Actions to be Taken to Reach Stated Goals: Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing, and Professional Development)	Start Date/ Completion Date	Proposed Expenditures (e.g., Personnel, Supplies, Travel Expenses)	Estimated Cost	Funding Source
Alignment of instruction with content standards:     Use curriculum maps and units of inquiry/modules to guide instructional planning.     Pilot the Standards Based Report Card (SBRC) year 2     Teachers collaborate in order to ensure there is school wide instructional consistency within grades	On-going from 9/08 through 7/09	Instructional supplies	See # 2 \$3,152 \$440	72500 73940
Align Units of Inquiry to state standards Analyze student work from common assessments within grade levels to calibrate and identify instructional next steps Use rubrics for writing and reading to calibrate student work – what is proficiency. Use Summative Assessments		Visiting teachers	TBD	PEP funds
Provide Professional Development for content knowledge and alignment to standards.  Use "backward planning" as a vehicle for standards planning. Flexible grouping of students within the classroom to differentiate instruction to meet specific needs.  Use adopted text to support standards-based teaching.	Throughout the year	Resource teacher/ staff	\$45,505	00000 and 73940
Provide common prep period to teachers for professional staff Development, developing timelines from which the standards will be taught; create standards-based lessons; share		Push-in teacher (as funds become available)		
standards-aligned materials that have been used successfully to teach and re-teach the standards; analyze data to guide instruction; share "best practices" that improve mastery of standards.  Analyze released test items and CST blueprints to determine in conjunction with school strand data to target instructional support, ELD training 08-09.		Teachers	TBD	PEP funds
Provided focused ELD instruction to EL students. Provide common duty-free lunch time to teachers for informal grade level collaboration and planning.	On-going from 10/08 through 7/09	Push-in teacher and Resource Teacher Noon duty supervision (Paras) as funds become available	See above \$1,000	See above 73940
	8			

Actions to be Taken to Reach Stated Goals: Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing, and Professional Development)	Start Date/ Completion Date	Proposed Expenditures (e.g., Personnel, Supplies, Travel Expenses)	Estimated Cost	Funding Source
2. Improvement of instructional strategies and materials:  of balanced literacy approaches/ gradual release of responsibility to ensure students become independent readers and writers. Purchase of instructional materials aligned to content standards. Schedule and provide release time for monthly (grade level, core academic area) meetings for monitoring purposes, data analysis, and instructional planning. Bridging concrete experiences to the symbolic and abstract. Differentiate instruction to meet the needs of diverse learners. Strengthen conceptual understandings in mathematics utilizing multiple representations. Engage in focused student/teacher conferring during Independent Reading, Independent Writing and Mathematics. Use of anecdotal note-taking as part of ongoing assessment. Strengthen academic rigor and stamina through extended literacy/mathematics blocks.	On-going 08-09	Instructional materials  GATE/Seminar teachers (Consultants)  Classroom teachers	See # 1 \$1,500	See #1 Pep funds 71401
Provide Mathematics Routine Banks for teachers' use with students to deepen and build upon number and operational sense strategies, grades 2-5.  Utilize Mathematics Modules, Chapter and /or End of Module assessments.  Computer Lab for technology support for student learning.  Assess English Learners(CELDT) to determine class placement and instructional strategies to increase student performance Utilize SDAIE strategies effectively to improve student achievement.  Purchase materials which are culturally sensitive and have appealing content.  Arrange field trips to enhance building background knowledge or making explicit connections to standards-based learning.	September-July September to October and as needed through the year  As needed October - July	Computer Lab Assistant Push-in Teacher  Instructional materials Field trips	\$ 8,705 See # 4 \$2,604 \$300 \$1,077	30100 See # 4 30100 71401 73940

Actions to be Taken to Reach Stated Goals: Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing, and Professional Development)	Start Date/ Completion Date	Proposed Expenditures (e.g., Personnel, Supplies, Travel Expenses)	Estimated Cost	Funding Source
3. Extended learning time:				
Identify targeted students enrolled in 6-6 (YMCA) program with homework support. Utilize clerical staff to contact parents of students recommended for extended day instructional support. Contact parents of students (targeted sub-groups) by phone to inform them of intervention opportunities.	October - July September - July September - July	In-school resource teacher Attendance Asst.	See # 1 \$15,025 ""	See #1
Provide interventions, such as small-group instruction and individual conferring, in order to scaffold learning for struggling students.	October - July	Push-in teacher	See # 4	See # 4

Actions to be Taken to Reach Stated Goals: Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing, and Professional Development)	Start Date/ Completion Date	Proposed Expenditures (e.g., Personnel, Supplies, Travel Expenses)	Estimated Cost	Funding Source
4. Increased educational opportunity: Provide targeted small-group instruction that focuses on English Language Development. Provide study/organization skills instruction grades 3-5. Provide classroom push-in support for 1:1 and flexible small group instruction, literacy and math. Utilize guidance assistant to assist with social/emotional issues that interfere with learning. Utilize guidance assistant for attendance monitoring purposes. Utilize counselor to assist with social/emotional issues that interfere with learning. Utilize nurse to assist with health/vision issues that may interfere with learning. Utilize librarian/library tech to provide student access to library during school and to ensure library is maintained in an orderly fashion. Utilize librarian to support students in research/research strategies relevant to curriculum. Provide grade level appropriate technology curriculum to students pre-K through grade five. Parent volunteer to provide assistance in the computer lab for GATE students with projects (web pages, power point presentations, etc.)	September - July	Push-in teacher, resource teacher  Push-in teacher  Guidance Assistance  District Counselor  School Nurse Library Tech I (as funds become available)  Library books  Computer Assistant  Instructional/project materials	See above #1  See above #1  \$9,495  \$16,918  \$8,817  \$10,000  \$8,705  \$200	See above #1  See above #1 30100 72500 30100 725000 30100 71401

Actions to be Taken to Reach Stated Goals: Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing, and Professional Development)  5. Staff development and professional collaboration: Engage in purposeful planning driven by review of assessment data and aligned to content standards. Deepen understanding of effective use of Units of Inquiry and Curriculum Maps. Provide common planning time for grade levels. Participate in professional study of ELD strategies. Provide release time for teachers for classroom visits on/off site and to attend professional development conferences. Utilize clerical support to prepare and order staff development resources. Engage in grade-level area level articulation to ensure consistency in academic expectations. Provide common release time for teachers to work collaboratively in analyzing student work in Literacy and Mathematics to determine "Proficiency" to meet grade level standards Based Report Card). Provide common release days for teachers at Standards Based Report Card schools to deepen understanding and development as related to grade level grade level standards. Collaborative planning time to analyze student achievement as related to grade level grading consistency to determine proficiency at each grade level 2-5 in literacy & math. Provide professional development. On-going 08 - 09  On-going 08 - 09  Non-going 08 - 09  School Clerk School General Secretary  On-going 08 - 09  Non-going 08 - 09				Jones Element	ily 2007-08 SFSA

Grade level and individual conferences with the principal and/or In-school Resource Teacher RE: student data; reading records, teacher anecdotal records, conferring notes.  Monthly monitoring meetings individual teacher and principal.		Visiting teachers			
Utilize Standards-Based Report Cards (K-5) to ensure grade-level expectations align to state standards.  Analyze data from Mathematics Modules, Chapter and/or Unit Assessments.  Track English learner progress and reclassify students as soon as is practicable. Follow their progress and support them in maintaining and attaining academic achievement.  Identify students for reclassification. Monitor their academic progress. Communicate with parents.	As needed	(as funds become available)  Push-in teacher	See # 4	See #4	

## **Categorical Programs Budget Grid**

This grid provides a comprehensive profile of the school's funding decisions for major categorical programs, including a summary of the estimated costs identified in the Planned Improvements in Student Performance section of the plan. The Budget Grid reflects the use of these funds in support of the goals of the Single Plan for Student Achievement.

The Categorical Programs Budget Grid will be provided by the Program Monitoring Department.

# Appendix A School and Student Performance Data

Student performance data summaries for schools and districts are available online at the California Department of Education web site at <a href="http://www.cde.ca.gov/ds/sp">http://www.cde.ca.gov/ds/sp</a>. School and student data should be used to determine needed improvements. Available data include:

API Academic Performance Index (http://www.cde.ca.gov/ds/sp/ap/)

Measures the academic performance and growth of schools using student test

scores and demographic data.

AYP Adequate Yearly Progress (http://www.cde.ca.gov/ds/sp/ay/)

Required by the federal No Child Left Behind Act; measures the performance of

California schools and districts on standards-based tests.

CALPADS California Longitudinal Pupil Achievement Data System

(http://www.cde.ca.gov/ds/sp/cl/)

A system that allows for tracking a student's academic performance over time.

Postsecondary Preparation (http://www.cde.ca.gov/ds/sp/ai/)

Provides standardized test scores from the Scholastic Assessment Test (SAT-I), American College Test (ACT), and the Advanced Placement Tests (AP) that

measure students' achievement in high schools.

SARC School Accountability Report Card (http://www.cde.ca.gov/ta/ac/sa/)

Evaluates and compares schools in terms of student achievement, environment,

resources, and demographics.

Additional testing and accountability data are available online at the California Department of Education web site at http://www.cde.ca.gov/ta and include:

STAR Standardized Testing and Reporting

The 2006 STAR Program included the California Standards Tests (CSTs), the California Alternate Performance Assessment (CAPA), the California Achievement Tests, Sixth Edition Survey (CAT/6 Survey), and the Aprenda.

Test results are

used for student and school accountability purposes.

CAHSEE California High School Exit Examination

All public school students are required to pass the CAHSEE in both English/Language Arts and mathematics to earn a high school diploma.

# Appendix A (cont.) School and Student Performance Data

#### Additional School Data Available from Research and Reporting

The Research and Reporting Department processes student, school, and district achievement, assessment, demographic, and other data. Results are then analyzed and reported to parents, the public, schools, district administrators, the Board of Education, and public agencies. Information is available for each school at <a href="http://studata.sandi.net/research/index.asp">http://studata.sandi.net/research/index.asp</a>. School and student data should be used to determine needed improvements.

Available district level data include:

## **Literacy**

ARI	Analytical Reading Inventory
DRA	Developmental Reading Assessment
EDL	Evaluación del desarrollo de la lectura
DRP	Degrees of Reading Power
EOC	End of Course Examinations
IRI	Informal Reading Inventory

#### **Mathematics**

<b>DMT</b>	District Mathematics Test
EOC	End of Course Examinations
<b>MDTP</b>	Mathematics Diagnostic Testing Project (Algebra Readiness Test)

Results from most state and district level tests can be provided through the Student Information System Client/Server (SIS/CS) or the Research and Reporting Department of San Diego Unified School District <a href="http://studata.sandi.net/research/index.asp">http://studata.sandi.net/research/index.asp</a>. Only group data should be reported (e.g., grade level, subgroup, etc.). Individual student scores are not to be reported in this document nor shared with the School Site Council or other advisory groups.

# Appendix B Relevant Data Tables and Charts

Attach pertinent data that helped you arrive at Goal 1 and Goal 2, and if applicable, Goal 3.

## Appendix C School Accountability Report Card (SARC)

Information regarding the school vision and mission, the school profile, and the School Accountability Report Card (SARC) may be found in the SARC following this page. The school shall maintain a copy of the most current SARC and make copies available to the public upon request.

#### School Vision and Mission

Please see SARC: School Description and Mission Statement.

### School Profile

Please see SARC: Section I and Attachment A (Accountability Progress Reports, School Demographic Characteristics).

#### School Accountability Report Card

Please see SARC.

## Appendix D School Site Council (SSC) Membership Roster 2006-2007

Education Code Section 64001 requires that this plan be reviewed and updated at least annually, including proposed expenditures of funds allocated through the Consolidated Application, by the school site council.

At elementary schools, the council must be constituted to ensure parity between (a) the principal, classroom teachers and other school personnel and (b) parents of pupils attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must, in addition, be equal numbers of parents or other community members selected by parents, and students. Teachers, other school personnel, parents and (at secondary schools) students select representatives to the council. (Education Code 52012)

Your 2006-07 SSC Roster will be provided by the Program Monitoring Department.
